EDMUND WILSON COMMITS SUICIDE

SHOOTS HIMSELF IN BREAST WITH DOUBLE BARRELLED SHOTGUN TODAY

Commits Awful Deed in the Bathroom of His Residence

Leaves Family, Wife and Three Children, in Dazed Condition —Was a Bookkeeper Employed at Milne's Sheet Metal Works on Clara Street.

With no apparently adequate motive for the deed, William Edmund Wilson, of 104 River street, committed suicide this morning 10 minutes after eight in the bathroom of his home by discharging both barrels of a shotgun into his breast.

Wilson was about 45 years of age and the father of three children, the eldest being a girl of 13. He was employed at Milne's Sheet Metal Works, 409 Clara street.

During his two years with this firm he had always been known as a respectable citizen, although somewhat given to excessive drinking at times.

Mr. Milne, when seen by the Capital tal this morning, had not learned of the suicide. He stated that Wilson had phoned him about a week ago to the effect that he was laid up with an attack of grippe. It was ascertained from friends of the dead man that two years ago he had lost a favorite daughter who had been drowned in the Saskatchewan. While this preyed heavily on his mind for some time it did not seem to those around him that he was still brooding on his loss at the time immediately preceding the shooting.

A more likely motive may be found in the fact that he attended Westminster church last night and listened to a sermon on the evils of drink.

During the return home he seemed to be still under the influence of the preacher's words and was very silent during the rest of the evening.

Shortly after breakfast this morning he was missed by his wife, who at ten minutes after eight was startled by a deafening crash from the neighborhood of the bathroom. Rushing upstairs, she found her husband lying on the floor in a welter of blood. A gaping wound in the breast had been inflicted by the dead man. He had emptied the contents of two barrels, having evidently pulled both triggers at once.

Mr. Wilson had been a resident in Edmonton for the past 10 years, having come here from Ontario. For some time preceding his employment at Milne's sheet metal works, he had been in the hardware business, but on the approach of the present hard times, was forced to sell out.

Among his acquaintances Mr. Wilson had always been considered a dutiful father and a respectable citizen. Just how much the loss of his little girl and the temperance oratory of last night may have affected his mind, will, of course, never be known.

It was learned from the police this morning that there will be no inquest, Coroner Forin being of the opinion that all the evidence points to a clean case of suicide.

Perhaps Accidental.

Later developments in the Wilson tragedy seems to indicate that there is a great deal of doubt in the minds of those closely connected with the dead man as to the real cause of the death.

J. S. Hulett, a relative of the deceased, had known Wilson for years and together with Mrs. Wilson and all who knew him intimately unite in declaring that they know of no reason why the death should be attributed to suicide. After dressing himself he went upstairs to the bathroom. On his way there he had a short conversation with his wife, who is firm in declaring that she noticed nothing strange or peculiar in his manner. When questioned closely by Mr. Hulett she denied absolutely that there had been any financial difficulties and is convinced that her husband's death was the result of an accident.

It was admitted that the dead man had been more or less addicted to drinking and also that he seemed unusally impressed by the clergyman's words in his strong pictures of the evils of drink at Westminster church last night, but Wilson's wife and friends scout the idea of the sermon's being a sufficient motive for suicide. It appears that the shot gun, the discharge of which caused the death, was usually left hanging in the bathroom and certainly had been there for some time before the shooting. Wilson had been very fond of shooting and was often noticed cleaning and repairing the fatal weapon. His wife and friends are of the opinion that he was merely examining the gun and that in some unforseen manner the firearm was discharged. Just in what peculiar position the dead man could have had the gun so as to receive the charge full in the breast must forever remain a mystery, all the more so when the long and comparatively unwieldy shape of a shot gun as a means of self-destruction is considered.

Mr. Hulett also informed the Capital that Wilson and his family originally came from Addington County at a place a few miles north of Napanee and had lived in Edmonton ever since his arrival in the west 10 years ago.

WINTER WEATHER PREVAILS OVER UNITED STATES

Provincial Library Aug 1-13

Severe Wind and Snow Storms Havoc in Many Places.

SHIPPING DRIVEN ASHORE; TELEGRAPH CRIPPLED

Train Service East and West of Pittsburg Seriously Handicapped—Cold in Southern States.

Detroit, Mich., Nov. 10—The most severe snow and wind storm of the present season prevailed over this section of the Great Lakes yesterday, and shipping of all descriptions was forced to seek shelter at the nearest ports. Ample warning of a stiff gale had been given, however, and last night the only vessel reported in trouble in this district was the W. G. Pollock, of Cleveland. She had been forced on the bank of the St. Clair Flats canal. Her condition was not regarded as dangerous, and it was expected that a tug could pull her off as soon as the wind abated.

Steamer Blown Ashore.

The steamer Mary Elphicke, of the C. W. Elphicke company, of Chicago, which went ashore Saturday off Bar Point in Lake Erie, has been released, and she is now in shelter. The reports Saturday night of an unidentified vessel on the rocks off Point Pelee in Lake Erie, were not confirmed yesterday. The tugs sent to her rescue turned back when passing steamers notified them that they saw no vessel in distress in the locality where the accident was said to have happened. The wind yesterday attained a velocity of 46 to 48 miles an hour on shore. It was said that the velocity was greater on Lake Erie, and that the blinding snow storm made navigation practically impossible. The weather bureau officials announced last night there were no indications that the gale would subside until today. Local telegraph wires were affected last night.

Wires Prostrated.

Pittsburg, Nov. 10—Crippling transportation facilities and prostrating wire communication over a wide area, an extraordinary snow, sleet and wind storm visited this section of the country yesterday, and continued last night. During the day 10 inches of snow fell, four inches more than ever fell during any November since 1886. The barometer registered 29.06 or about an inch below normal, and this incident of the storm is viewed as remarkable by the local officials of the United States weather bureau. Throughout the day the wind from the northwest blew 40 miles an hour while the temperature dropped from 48 to 22 degrees in less than 15 hours.

Preceded by heavy rains Friday and Saturday, snow began falling at 3 o'clock yesterday morning. Within a few hours the wires, poles and trees were sagging under the heavy weight of wet snow. Before noon, rairoads, trolley lines and vehicular traffic were battling with the elements in an effort to continue operations. Toward evening the thermometer tumbled rapidly and the water and snow froze. This condition practically demoralized telephone lines.

Shortly after noon the Western Union Telegraph company reported all wires down to New York, Columbus and Cleveland. The Postal Telegraph company was tied up by the storm to all points from here.

Telephone wires to the outside were useless. Last night the Western Union succeeded in making up a wire circuit to the principal cities east of Pittsburg and west to Chicago and Louisville.

Trains Handicapped.

Train service east and west of Pittsburg is seriously handicapped.

In this city and vicinity the storm was especially severe.

The storm was passing north in the direction of Lake Erie last night.

Spreads Over Ohio.

Columbus, Ohio, Nov. 10.—A severe snow storm swept all over Ohio yesterday sadly impairing telegraph and telephone communication and causing trains to run from three to four hours behind their schedule.

According to the weather bureau officials the storm was the earliest of any consequence in the history of the bureau. The northern and eastern sections of the state suffered most but a heavy snow fall, accompanied by high winds was reported from southern points. At Zanesville the fall measured from 10 inches to 14 inches, while many other cities reported from three to seven inches. The wind attained a velocity of 36 miles an hour in this section.

In Columbus the snow late last night measured six inches. At Wheeling, W. Va., and in northern Virginia, a snow blanket of 12 to 14 inches covers the ground, and the storm continues unabated.

Indiana Too.

Indianapolis, Nov. 10.—A blizzard swept over Indiana yesterday crippling telegraph and telephone wires. The mercury fell to 27 degrees. The fall of snow ranged from 12 inches at Plymouth to a half inch in the southern part of the state.

Atlanta, Go., Nov. 10.—Northern Georgia yesterday experienced real winter weather. Throughout this section there were intermittent snow flurries yesterday and the mercury registered 38 degrees with a forecast of freezing before morning. At Savannah the mercury registered 40 degrees at 8 o'clock and was going lower.

Winter in Florida.

Jacksonville, Fla., Nov. 10.—Florida was in the grasp of the first winter weather of the season. A high cold wind sent the mercury down to 43 degrees.

HIGHLANDS CAR SERVICE CANNOT NOW BE IMPROVED

Traffic Returns Do Not Warrant Better Than Fifteen Minute Runs.

The residents of the Highlands will not be given a 15 minute car service during the quiet hours of the day unless the traffic figures are increased. Superintendent Woodroofe submitted to the commissioners this morning a set of figures giving the actual number of passengers handled at every hour during the day and states that at present he cannot see how a better service can be given than a 15 minute one during the busy morning and evening hours and a half hour service during the balance of the day.

THREE LIVE MOOSE VISIT WESTLOCK

Citizens All Drop Their Avocations and Join in the Chase.

Westlock, Alta., Nov. 10.—Considerable interest was aroused here recently by three moose which evidently intended to look over the town. Standing just outside the city limits, they were immediately espied by one of our worthy citizens, who lost no time in giving the alarm.

The hue and cry went forth; carpenter's dropped their nails, clerks jabbed their pencils behind their ears, masons left their mortar and Clate Meyers stuffed the cue he was polishing into his pocket and every man of them set off in hot pursuit.

Opinion seems to be somewhat divided as to who is to blame, but only one moose fell. Although it was not a very large one everybody in Westlock received a generous portion.

CARNEGIE HERO'S WIDOW AWARDED ANNUAL PENSION

Commission Grants Silver Medal and $25 Per Month to Viking Woman.

(Special to Capital.)

Viking, Alta., Nov. 10—Among those who received consideration at the hands of the Carnegie Hero Fund Commission which met in Pittsburg, Pa., last Friday was Mrs. F. R. Dayton, of Battle River, Alta., formerly of Viking. It will be remembered how her husband was suffocated by gas in a well while saving the life of William Kilpatrick, north of Viking, May 8, 1912. Mr. Kilpatrick was digging a well when he was overcome by gas. Mr. Dayton, who was nearby, heard of the man's danger and came to the rescue, lowered himself into the well, and assisted K'lpatrick in getting to the surface. Before aid came to young Dayton, he also was overcome by the deadly fumes and suffocated. He gave his life that another might live—the height of heroism. He was the son of Mr. and Mrs. L. R. Dayton, of this place. The widow received a silver medal and $25 per month.

MACDONALD SEAT VACANT.

Winnipeg, Nov. 10—Under the dominion controverted election's act, Macdonald by-election, which took place on October 12, last year, and which created such a scandal in the country, was today declared void, and the representation of the constituency vacant, on charges of bribery and corruption.

JUDGE TIPTON IS VERY BUSY MAN IN UNITED STATES

Avails Himself of Every Opportunity to Tell of Our Wonderful Possibilities

Although Alderman J. G. Tipton is spending the last three months of his term as alderman in the States, he is perhaps doing more for the city than any other alderman on the board. He has already covered parts of Minnesota, Illinois, Iowa, Missouri and Nebraska, and soon expects to leave for California. Judge Tipton is availing himself of every opportunity to tell those whom he meets of the wonderful possibilities of the Edmonton district. His efforts are not in vain, either, as the following letter from him will indicate. It is addressed to the industrial commissioner, and reads:

Gregory, South Dakota,
Nov. 4, 1913.

"My Dear George,—Today I received the mail that you sent me in September, in care of the Palmer House, Chicago. I received all but the leaflets you speak of in your letter. George, you don't know how glad I am to receive the pictures, but how sorry I did not receive them while in Illinois and Missouri, in which States I have been gravitating about for two months. I am so glad that Porte is in Kansas and Oklahoma; I heard of him at Peoria, Illinois, several men who went from where I was stopping told me that the Canada man had the finest exhibit they ever saw.

"The corn crop in Minnesota, Illinois, Iowa, Missouri, Nebraska is a failure, and Kansas and Oklahoma is a failure. I am travelling right through these States, and none of them have anything like half a crop, and the small grain, while fair in some States, in others a complete failure. One man whom I am visiting, threshed 168 bushels of winter wheat off of 30 acres. Potatoes are selling at from $1.10 to $1.30 per bushel.

"Now is the time to put money into publicity work among the farmers in these States. There is a condition of great unrest prevailing throughout these States, and although I am only visiting relations and friends, I am losing no chance to advertise Central Alberta. I am pulling off immigration stunts that would make a ragtime jig dancer look like 30 cents. I have yet to spend the time between this and the commencement of the new year, in Iowa, Nebraska, Kansas, Missouri, and Oklahoma. I expect to start from Kansas City to California, about Christmas or New Year. In the meantime, send me literature, send me matter appertaining to agriculture, our crops, etc., and especially facts relating to the good crops up there this year. I also want facts relating to the growth of our city, and the public improvements made this year; I can use it all to advantage. I will have a lot of fellows up there next year, some with more or less money, but all of them with hustle, and they are the fellows we want. In Illinois, tenant farmers are paying from $900 to as high as $1,500 cash rent, for quarter sections; it will hit some of them hard this year, and hundreds of them will go bust.

"Some of these men, yes, many of them, have some money, and could come to our country, and do well, secure farms for themselves, and make us a fine lot of settlers. Properly handled, they could be induced to go to Canada. Now what we want to do or should do, would be to get them for the Edmonton district. Why, fellows are taking those men from Illinois, down to Oklahoma, and selling them land, where they are subject to hot winds, drouth, have sandy soil that won't raise a disturbance for an average price of $60 per acre, when they come to the Edmonton district and buy good farms for half the money, that cannot be beaten in the world. I tell some of these fellows they are plumb crazy. We have a better climate than Oklahoma, and we have everything by way of schools, churches, graded roads, and telephones, that any country has. I would not give one good, well improved quarter section of land in the Edmonton district for any section I have seen here in South Dakota, and the same rule applies to Oklahoma.

"With kind personal regards for yourself and family, and asking you to extend the same to Mayor Short and the other members of the council, I am,

"Sincerely yours,
"J. G. TIPTON."

PROTEST AGAINST TRIAL

St. Petersburg, Nov. 10.—The court of appeals has ordered the prosecution of 120 members of the St. Petersburg Bar Association who signed a protest against the Beiliss trial.

WORKINGMEN ASK GOVERNMENT TO MAKE INQUIRIES

Large Assembly Discusses Troubles of British Columbia Miners and Passes Resolutions.

At a large, enthusiastic, but very orderly meeting presided over by G. H. Geary, and made up of large delegations from the Trades and Labor Council, the socialist party of Canada, and the Industrial Workers of the World, the following resolutions were passed:

"Whereas the miners of the district of the United Mine Workers of America, on Vancouver Island, have been striking for more than 12 months to establish their right to organize; and

"Whereas the miners have been subject to every form of persecution and oppression, and yet today in spite of the use of the militia against them by the government of British Columbia, they are more determined than ever to continue their struggle; therefore be it

"Resolved, that this meeting express its admiration and endorsation of the efforts that are being made by the U.M.W. to establish a white man's standard of living, and, be it further resolved, that we protest against the action of the British Columbia government, who have sought to coerce the striking miners by introducing the militia and by railroading union officials to jail; and

"Further, we demand that an immediate enquiry be instituted by the dominion government, and that, pending its decision, all miners awaiting trial be given their freedom."

A. Farmilo, secretary of the trades and labor council, was the first speaker called upon by Mr. Geary. He devoted most of his remarks to the late action of the trades council in circularizing the labor men of the city, asking them to refrain from joining the local regiments. He said that the one great reason why a laboring man should not join was the fact that he had no property to protect.

CITY ARCHITECT'S DEPARTMENT PUT OUT OF BUSINESS

Commissioners Obey Council and Decide to Close Department on Nov. 15

With the completion of the plans and specifications for the new market building, all that is left of the city architect's department will now be retired. Commissioner McLean made a motion this morning in the commissioners' meeting to lay off the staff on November 15. The motion was seconded by Commissioner Harrison.

"Who will assist the superintendents this year in making up their estimates for 1914 insofar as new buildings are concerned?" asked Commissioner Chalmers.

"I don't know," replied Commissioner Harrison, "but as the council dismissed the department in the first place, it is up to them. I think myself, that the city should have an architect's department."

"We're just doing as we are told," said Commissioner McLean, and so the architect's department is finally abolished.

'QUAKE SHOCK AT MESSINA.

Messina, Sicily, Nov. 10 -A strong earthquake shock occurred here at 7.05 o'clock last night. It was followed by two shocks of less severity No damage was done, but the people are greatly alarmed at the frequency of the disturbance.

'PEG WELCOMES BOOTH.

Winnipeg, Nov. 10—Winnipeg, on behalf of the sister provinces, yesterday turned out en masse to welcome General Bramwell Booth, commander-in-chief of the Salvation Army. The general was welcomed not merely to Winnipeg, but to the Canadian prairie west, officers of the army being in attendance from Regina, Moose Jaw, Calgary, Edmonton, in fact, all the principal cities in the west, to extend the welcome of their brethren to the chief of staff.

TENDERS ARE IN FOR NEW MARKET CONSTRUCTION

Commissioners Receive Many Bids From Contractors for Work of New Building

Tenders for the new market building were opened by the commissioners this morning, and are as follows:

Brown, Hargraves, $48,911. If steel trusses are to be used $300 additional to be added. If sand and lime brick are to be used tender to be reduced $500.

Nesbitt & Miller, $51,096. If steel trusses are to be used, $200 would be added. If Grady cast stone, tender would be reduced $1,400.

City Construction Department, if steel trusses are used, $53,725.33. If sand and lime brick are used, tender would be reduced $295. If cast stone is used, tender would be reduced $1,000.

Fey Construction Co. (no covering cheque), $77,236.

Furcell & Foote, buff sand and lime brick, $58,900.. No. 1 cast brick, $60,400. If steel trusses are used, $202 would be added to tender.

Lees & Bigler, no modifications stated, $45,087.

Olson & Johnson, pressed sand and lime brick, $44,750. If Alsip brick are used, $150 would be deducted from contract.

Dunlap Construction Co., no modifications, $52,000.

A. J. Gillies, no modifications, $56,932. Steel trusses would add $350 to tender, and Aslip brick would reduce tender by $800.

Only one tender was submitted for the electric work, Burnham Frith Co., bidding $801.

Four tenders for the plumbing and heating were received, as follows:

Ross Brothers, $7,383; Sommerville Hardware Co., $7,303.60; J. A. Lockerbie, $8,250; Kelly & Kokatt, $9,298.96.

The commissioners instructed the various tenders to be sent up to A. W. Wheeler, of the architect department, for tabulation and report. He must have tenders returned with his recommendation prior to Wednesday noon, that operations may be commenced.

Only the market building proper is being tendered on at this time, and owing to the lateness of the season it is questionable whether much can be done by way of actual construction this fall, even if the successful tenderer is announced at the next meeting of the board.

STEAMER BADLY BATTERED.

Boston, Mass., Nov. 10.—Showing the effects of continuous bad weather, the steamer Michigan arrived from Liverpool Saturday, four days behind her schedule. On October 31 she lost most of her portable deck fittings, some of the lifeboats were smashed and the bridge was damaged, when the vessel was swept by a huge wave. The Michigan left Liverpool October 25, and met only 48 hours fair weather on her passage.

ICE BOUND BOATS CREEP INTO PORT AFTER GREAT GALE

Fierce Storm Sweeps Superior With 50-Mile Wind—Story of Awful Trip.

Sault Ste. Marie, Mich., Nov. 10 — Lake Superior has been lashed by a 50-mile gale for the past 36 hours. Steamers arriving at the Soo yesterday from Lake Superior ports are all heavily coated with ice. The Northern Navigation Co.'s Saronic steamer was sheathed with ice as she steamed into the canal approach on the Canadian side. The wind was blowing from the north and northeast and waves and spray driven by a terrific gale froze hard on her port side.

"We never had a let-up from the time we left Duluth," said Captain Storey, of the Mariope, last night. "The gale blew 59 miles an hour all the way down Superior. The ice gathered fast on our boat. It was necessary at times to thaw it away from the front of our wheel-house in order to see. The furious wind, coupled with the freezing temperature, made it one of the fiercest trips I have experienced for years."

The weather observatory was kept busy yesterday giving out information, also weather conditions, and many steamers needed the warnings given out. Over 50 steamers are lying at anchor between the Soo and White Fish Point, awaiting abatement of the storm. Practically nothing that passed the Soo during the last 24 hours has gone past White Fish Point. The steamer Ralell, of the Pittsburg fleet, lost both her anchors off Grosscap Point last night and returned to the Soo. Downbound steamers are lying up at the docks. Considerable difficulty is experienced in locking on account of the low water, caused by the high wind.

NO FALL SESSION.

Ottawa, Nov. 10.—All hopes of a fall session have been finally set at rest by the pro forma announcement in the Canada Gazette this week further extending the term of prorogation of parliament until December 17 next. This is merely formal, and the date has no significance, but it indicates that parliament will not meet until after the year. January 15 is believed to be the date which will formally be set for the re-opening of the house.

WILL BRIDGE ATHABASCA.

Ottawa, Nov. 10.—A license of occupation and a portion of the bed of the Athabasca river covered by the right of way of the Canadian Northern Alberta railway company in the north half of section 1, township 51, range 26, west of the fifth meridian, has been granted to the company by the department of interior at an annual rental of one dollar per year. The company is required to place a draw span in the bridge in the interest of navigation.

FATAL DAGO FIGHT.

Port Arthur, Nov. 10.—Frank Tremblay, traffic manager of the street railway and a well known hockey player, witnessed a quarrel amongst a number of Italians, one of whom was fatally shot. The man bolted and was pursued into the heart of the foreign quarter and captured after a struggle by the hockeyist, and hauled to the police station. The wounded man died in the hospital shortly afterwards.

INVESTIGATING THEFT.

Stalwart, Sask., Nov. 10.—One month ago $1,000 was stolen from a registered package containing $5,000 while in transit between Regina and Stalwart, since then $800 has been returned secretly. Deputy Post Office Inspector Broughton, of Saskatoon, has the matter in hand but up to the present there has been no further developments.

INDIGESTION, GAS, DYSPEPSIA GONE

"Pape's Diapepsin" fixes sick, sour, gassy stomachs in five minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated. Just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

UNIONISTS WIN BY GOOD MAJORITY

Militant Suffragettes Support Captain Wilson Who is Victorious by Good Majority at Reading Election.

Reading, Eng., Nov. 10.—The unionists were victorious Saturday in the bye-election made necessary by the withdrawal of Sir Rufus Isaacs to assume the Lord Chief Justiceship. The greatest interest centered in the contest. Captain L. O. Wilson, unionist, capturing the seat with 5,144 votes. Geo. Peabody Gooch, liberal, received 4,713 and the socialist candidate, Mr. Butler, 1,063. The socialist undoubtedly cut into the liberal vote.

The socialists made a feature of the Marconi controversy in which Sir Rufus Isaacs figured, but the unionists avoided mention of Marconi and made opposition to home rule and the insurance act their rellying cry.

The militant suffragettes supported Captain Wilson. Just before the polls closed a large squad of the militants arrived. The teem hall where the counting took place was strongly guarded by a double force of police while the polling places were watched throughout the day as an attack on the ballot boxes was feared. At the last election Sir Rufus Isaacs, liberal, polled 5,091 votes against 4,985 received by Captain Wilson, unionist. The liberal candidate, Mr. Bosch, was formerly a member for Bath. He entered the constituency only on the eve of the contest.

HOPE ABANDONED

Dryden, Ont., Nov. 10.—Any hope that the three trappers, Hugh Nicholson, John Barker and J. J. Edgar, who have been missing since October 22, are alive was dispelled yesterday when Provincial Constable Simpson returned from Beaver Lake, where the young men had camped. Simpson reported finding their upturned canoe in the centre of the lake, half a mile from shore, and the water being frozen to a depth of four inches, no effort was made to recover their bodies.

VARICOSE VEINS AND ITCHING PILES

Usually Arise From Same Cause—Relief and Cure Effected by Dr. Chase's Ointment.

Nearly everybody knows of Dr Chase's Ointment as the most effective treatment for piles or hemorrhoids that medical science has been able to compound. So much suffering and misery arises from this ailment that one is not long in telling his friends when he has found an actual cure. This accounts for the enormous sales of Dr. Chase's Ointment.

This letter tells of relief from the suffering of varicose veins by the use of Dr Chase's Ointment. Many suffer from this trouble not knowing the comfort to be obtained by the use of this great soothing ointment.

Mrs. H. Evans, 157 Munro street, Toronto, writes: "We have used Dr. Chase's Ointment for years. I have been troubled with varicose veins, and find it the only thing that gives relief. For every purpose when a soothing, healing ointment is needed there is nothing so good as Dr. Chase's Ointment." 60 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Thousand Edmonton Citizens Urge Requisition on Magrath

Large Gathering Saturday Night Ask that He Enter Field as Candidate for Mayor—Criticizes Mayor Short's Administration and Withholds Consent Until Tuesday.

Between 800 and 1,000 citizens foregathered in the Empire auditorium Saturday night to present a requisition, already signed by over 1,000 names, to Mr. W. J. Magrath, in which he was formally urged to accept the nomination for mayor of Edmonton for the year 1914.

As a prelude to the real business of the evening, Secretary Saunders gave a short review of the labors of the committee leading up to this meeting, which it was hoped would crown their efforts, witnessing Mr. Magrath's acceptance of the nomination. He called to the citizens present that the main object of the committee's labors and of the people in Edmonton whom they represented was to put up the strongest opposition to the present civic regime. John A. McDougall, George S. Armstrong, W. J. McNamara and Alex. May had all refused the nominations, and now that Mr. Magrath had almost been induced to consider the nomination favorably, he was sorry to hear that many were going to say that Magrath would not see the thing through. "These people," said Mr. Saunders, "have said he would get cold feet. I am in a position to say better, that if he accepts the nomination he will be in the fight until the last vote is counted."

Magrath Speaks.

Mr. Magrath reached the platform at 9 o'clock, just as Mr. Saunders had reached this point in his address, and was called upon immediately to address the meeting. As a preface to all, he might have to say he wanted all present clearly to understand that he was not there to discuss civic questions or to be the mouthpiece of an indignation meeting—a wish more easy of expression than of fulfillment, since before the evening was half over Mr. Magrath found himself in a veritable maelstrom of question and discussion. He hoped his hesitation and caution would not be misunderstood if he postponed a decisive answer to the requisition of his friends until the following Tuesday, when, through the medium of the press, he would issue a final and decided answer.

"When you elected Mr. Short last year," Mr. Magrath then went on to say, "I felt that you had done the right thing. I do not feel that Mr. Short has done anything tonight to protest. It is you, who are the judges of how things have gone in the past year. If you remember rightly, I warned the citizens unreasonably that the charter should be the main object of everybody's consideration at that time. I did not think then that it was a proper question for a city like Edmonton to work with but you differed from the rule at the time. I notice you have changed your minds.

"You believe still that the old charter although doubtless there are some who believe it is indispensable. But we have survived it so far. The charter was never free from my condemnations last year and now that time and your own experience have proven to you the justice of my contentions. I now, more than ever maintain that the time has come when we must get a better form of civic government—and none too soon at that."

When it came to the actual form which this new system should take Mr. Magrath became more cautious and circumspect than ever in his remarks. "I am not here to dictate what form is best for our city. I do not want to foist a private individual's opinion upon you but I will say, and that most clearly, that the citizens themselves should have the opportunity of saying what form they want. As regards the burning question of the initiative, Referendum and Recall would remind you that a great number of us have not lived in cities where this particular form of civic government prevails and that consequently we are not yet nearly so familiar as yet with the meaning of those three words as we ought to be in order to vote intelligently on the subject at this stage. I am sure of course the men who in such a public spirited manner have distributed, sometimes at their own cost, so much instructive literature on the subject, but I for one, want to investigate that system first and certainly deprecate any attempt to ram any system down our throats. I have learnt that Mr. McNamara has come out as the champion of this system. As for myself I do not wish to be quoted as the champion of any particular system until we have all had a little more education in the matter. But, if I do succeed you are the ones who shall say what form you want. A plebiscite will be allowed and I certainly will not throw one stone in the way of the civic league in their efforts. If the plebiscite should carry I would advocate a visit of the best business men in town to several cities in which the Initiative, Referendum and Recall are in vogue. Just because we have had trouble with the old charter, should we jump at the first scheme that offers?"

The possible future mayor at this point indulged in a little fling at the remarks of the mayor of Spokane who had spoken in the same hall just a few weeks before on the subject of civic government.

"This mayor told you with delight of $90,000 surpluses. Why we have to speak in millions. The city Mr. Hindley represents does not own it public utilities. We own ours and it's in millions we have to think when we are considering the government of the city of Edmonton. I say again we must be prudent."

In spite of Mr. Magrath's caution and determination not to discuss civic questions, the elective commission form of city government would keep bobbing up serenely. Personal troubles in the past year at the city hall led Mr. Matirath to [illegible] on the necessity of some system by which responsibility could be placed on individuals when it came to finding out who was to blame for mistakes. He bore out the mayor of Spokane's own remarks in this respect in quoting his experience of having had to make a pilgrimage all the way from the mayor to the janitor before he could find the responsible party and obtain any satisfaction. "No matter what system you decide on let us make appointments so we can place the responsibility on the man at once. It does seem a pity that every year we have new troubles which could be avoided."

The speaker's throat at this stage gave him so much trouble that he begged the indulgence of the meeting and permission to review shortly his stand and then sit down. Accordingly he impressed his hearers with the fact that a new charter was the main object he intended to fight for, that he did not knock the initiative, referendum and recall, that in any case the plebiscite should come first. "For after all my friends, any public man is only the servant of the people and as such should do their bidding. It was said of late, in this regard that the people were not good judges (voice in the audience: 'The Bulletin.') I say it is the safest place to leave the question. If it is not then some other man will have to be put in. I have no doubt that if I were mayor yourselves soon be finding fault with me. (Voice: 'That's our privilege.') But above all things let us get together and think of the future. I am most firmly convinced that in 10 years Edmonton will have a population of 200,000 and we must build on that future number. Good builders must have good tools and the best of tools is a good charter."

When Mr. Magrath sat down amid hearty applause, the meeting was declared open for discussion. No sooner was this fact made known than from all corners of the hall there arose loud and insistent cries of "Joe Clarke! Joe Clarke!" In a few moments the owner of that name was on the platform and before he had reached the middle of it took a head first plunge into the thesis that if there was anything on earth this city needed more than another it was a new mayor. Mr. Clarke's address was listened with great attention and elicited hearty applause.

Aldermen May Pay Visit to Other Gas Locations

Subject Will be Discussed at Special Meeting This Afternoon —More Information May be Sought and Question Submitted to Vote of the People.

In special session this afternoon the city council will take up the gas proposals now on the table and go thoroughly into the whole matter. It is probable that a decision will be reached as to what proposals will be submitted to a vote of the people.

The propositions now on the table are as follows:

1—The city to appropriate $100,000 for developing a municipal gas field in the Belly River anticlines, which may be piped and delivered to the citizens at nine cents per thousand cubic feet, as stated in the report submitted by Messrs. Clapp & Huntley, the geologists, recommended by the dominion government and who have had in course of preparation for two years a monogram for the government on the gas and oil possibilities of Western Canada.

2—Pelican Oil & Gas Co., Limited, offering the city gas at 15 cents per 1,000 cubic feet, and asking for an exclusive 20-year franchise to the full capacity of a 16-inch pipe.

3—Messrs. Coste & Fyshe, offering the city gas at 35 cents for domestic and 20 cents for manufacturing purposes, without an exclusive franchise.

4—Messrs. Chamberlain & Campbell, offering the city gas at five cents per 1,000 cubic feet, or the gas rights sufficient to supply the city for $1,500,000.

Since two of the fields have already been investigated by the aldermen personally, it is probable that before definite action is taken Vegreville and other locations where natural gas exists, will be visited. It has also been suggested that the aldermen should visit Calgary and the Bow Island district, where a fund of information is obtainable on natural gas and where it can be seen from every possible angle.

The history in brief of the gas situation as it stands today, is given herewith that the public may be posted in the deliberations which will be held on the gas question from this date until such time as the matter has been fully settled and the city decided what policy will be pursued.

On October 14 Alderman Livingstone brought in the following motion, which was passed by the public meeting:

"Whereas this council now having a full report on the gas question, from the experts engaged, resolve the following:

"That a plebiscite be taken of the burgesses to decide:

"Whether this city shall undertake the exploration of the Belly River anticlines, as outlined in the experts' report, with a view to the furnishing of natural gas, as a municipal undertaking.

"Alternative—Authorizing the city council to enter into an agreement with the successful responsible tender to be decided on at a special meeting to be held Thursday, October 16, at 2.30.

"And that the date of the plebiscite be decided at the aforesaid special meeting.

"And that public meetings be called to discuss this important question."

At the special meeting of the council held on October 16 the Clapp-Huntley report was taken up and other gas propositions considered. The reliability of the experts' report was attacked by the mayor and his supporters in council.

An agreement submitted by the Pelican Oil and Gas Co. was taken up and considered clause by clause. With some slight alterations the agreement was approved by the council and passed on to the commissioners and city solicitor for re-drafting as amended. This agreement offers gas to the city at 15 cents per thousand cubic feet, and calls for an exclusive 20-year franchise to the extent of the full capacity of a 16-inch pipe line which would be laid from Pelican to the city limits.

At this meeting Alderman Smith brought in a motion which passed the council to the effect that any other companies having gas to offer to the city be communicated with, and 10 days allowed for receiving such offers.

On October 21, at the request of R. H. Campbell, the city council visited the gas well now being sunk on the Fairholme estate, two miles east of the city limits. The work on this well is being done by Messrs. Chamberlain and Campbell, who own a section of land and have arranged to sink any depth for gas. The first well is now down over 1,100 feet.

On October 24 the council accepted an offer from H. L. Williams, of the Pelican Oil and Gas Co., and started on a trip of investigation to the Pelican field, which covered a period of 12 days.

On their return a special council meeting was held on Thursday, November 6, when two further gas proposals were read and laid on the table to be taken up when the whole question is considered at a special meeting to be held this afternoon at 2:30 p.m.

One of these offers is made by Eugene Coste, who proposes to spend any sum of money necessary in locating a gas field close enough to Edmonton to warrant piping it without excessive cost. He asks the city to enter into an agreement with his company for supplying gas to the city at a rate of 35 cents for domestic purposes and 20 cents for manufacturing purposes. Mr. Coste is well known in the west, and is president of the Canada West Natural Gas Co., who now have a 25-year franchise for supplying the city of Calgary. Mr. Coste does not ask for an exclusive franchise in Edmonton, wise. Of these three courses, the Mexican officials must fear perhaps the latter two, realizing that either would materially strengthen the rebel cause. Intervention it is believed by a majority of those in the capital foreigners as well as Mexicans would be much more merciful and humane as a method of restoring order. It is pointed out that strengthening the rebel cause would almost certainly mean the subjection of Mexico City to a long and terrible siege, that probably would terminate in scenes of bloodshed and sacking far worse than any yet witnessed in the republic.

This argument is based by those who advance it on the assumption that the government would bring into the capital a force sufficiently large to defend it for many weeks, and the besiegers would incur not only the elements of the northern region but thousands of adherents of Zepata, notorious for their cruelty and barbarism.

Although Mr. Lind appears not to have made progress towards altering the opinions of the British minister, Sir Lionel Garden, his relations with the German minister seems to be much closer. Admiral Paul Von Hintze, the German minister was the guest of Mr. Lind at luncheon today.

DODD'S KIDNEY PILLS

DIABETES, RHEUMATISM, BRIGHT'S DISEASE, BACKACHE, KIDNEY DISEASE, NUMBER 23 THE PROPRIETORS

DON'T SCOLD AN IRRITABLE CHILD

If little tongue is coated, surely give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Fig," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!

LLOYD GEORGE OUTLINES HIS PLAN OF REFORMS

National Exchequer Will Bear Cost of Education—Will Inventory Slums.

London, Nov. 10.—Mr. Lloyd George, in a speech at Middlesbrough Saturday outlined his plan of urban reforms. He proposes to give to municipalities widened compulsory powers for land purchase.

Relief for the ratepayers is to be provided by the transfer of certain charges including those of education to the national exchequer and some further burden of local taxation will be transferred to owners who do not improve their property. There is to be a special survey of housing in all urban districts. This work will include the making of a special inventory of all slums, while the work of the wages board will be extended to casual labor.

OUTCOME OF MEXICAN AFFAIR VERY UNCERTAIN

More Uneasiness at American Embassy Than at Palace

Lind Declares Waiting Policy Will Not be Continued Many Days—Has Recommended that Diplomatic Negotiations With Mexico be Terminated.

Mexico City, Nov. 10—Government officials, foreign residents and the people of Mexico realize that the relations between this country and the United States are strained almost to the point of war, but there is, perhaps, no man in the entire republic who knew last night what Washington would do today.

John Lind, who represents the president of the United States, is ignorant of the intentions of his chief, and if General Huerta is anxious at all regarding what may develop, he does not show it. Although he has sent to the diplomatic representatives of the foreign nations a note which is in defiance of Washington, he was complacence of face about town long after the midnight hour, and yesterday indulged in relaxation in the company of his military friends.

Recent Elections Null.

In his formal statement to the diplomats, General Huerta said that it was now foreseen that the recent elections were null, as but few precincts had participated in the voting and that therefore, the new congress would annul the elections. New elections would then be called and he would continue his program of pacification.

More uneasiness is apparent at the American embassy than at the National Palace. At the latter the opinion was freely expressed frequently accompanied by sneers, that the United States would never intervene in Mexico. Mr. Lind is fully cognizant of the delicate situation and awaits with keen interest word from President Wilson and Secretary Bryan, but it cannot be received with assurances that the president was interested in certain developments and a request for the continuance of his observation.

Waiting Policy Will Be Brief.

Mr. Lind expressed the view that this waiting policy would not be continued for many days. It is known here that he has recommended that all diplomatic negotiations with Mexico be terminated.

At the American embassy it is regarded as a logical that Washington perhaps tomorrow will furnish vital developments in the relation between the two countries, his assumption is based on the stormer speech made by General Huerta, in which Huerta assured that refusal to comply with the American demands will result in President Wilson's applying to congress for power to use stermer measures and the threat to place a time limit on Huerta's continuance in office. It is considered that President Huerta's open note to the diplomats will make it necessary for Washington longer to withhold the exact character of Huerta's reply which was made last week, and that this publicity will make some more definite step necessary immediately.

Opinions Widely Differ.

Opinion in Mexico is widely divergent as to what Washinton's attitude will be now. In some quarters it is thought President Wilson may recommend neither intervention nor direct assistance to the rebels by means of recognition of their belligerency, but that he may issue a note to the powers, setting forth that hereafter the United States will regard Mexico as a non-existing nation and repudiate all her acts, whether alleged legal or other-

BUSINESS PART TOWN OF NEPIGON IS DESTROYED

Fire Sweeps Away Main Section New Ontario Town With $75,000 Loss.

Nepigon, Ont., Nov. 10—The business portion of Nepigon, Ont., situated 70 miles east of Port Arthur on the Canadian Pacific, was nearly totally destroyed by fire which started at 8.30 p.m. and continued until 12.30 a.m. The fire started in a building untenanted except for a clothing store, and swept west as far as the international hotel, where it was checked. The business places burned include three stores, two restaurants, three barber shops, two pool rooms and two butcher shops.

The total loss is approximately $75,000, covered by insurance. The origin of the fire is unknown. The buildings were very congested, which accounts for the big loss.

and is ready to build the distribution system if the council decide this to constructing its own mains.

Messrs. Chamberlain and Campbell also submitted a proposition which will be considered today. They offer the city gas two miles east of the city at five cents per thousand cubic feet, or, as an alternative, will sell the gas rights to the city for the sum of $1,500,000.

All of these proposals will be taken up this afternoon, and it is probable that the council will decide to submit them all to a vote of the people and let the public determine for themselves just what proposition they consider best for the city.

HOBBERLIN'S ARE COMING

Big Toronto Tailoring House to Open Store in This City

It will be welcome news to scores of men in this city to learn that the big tailoring firm of Hobberlin's are opening a branch of their establisment in this city. The premises at 653 First Street are now under-going an entire transformation and a few weeks will transform it into one of the finest and most up-to-date tailoring stores in the West. Already scores of our best dressed men are wearing Hobberlin individually tailored clothes, and a large clientele of customers has been built up. Hobberlin are a truly National tailoring institution with nearly a thousand agencies in Canada. The Edmonton store will be a genuine Hobberlin store and exclusively under the control of the big Toronto tailoring house. The Edmonton store will become a chain of 35 exclusive Hobberlin Stores including stores at Victoria, Saskatoon, Vancouver, Winnipeg and Calgary. It is expected that the new store will open early in December.

GUARDS AND MINER KILLED

Laveta, Colo., Nov. 10.—One miner and three guards from the Oak View mine near here were killed late Saturday when they were ambushed while returning to the mine. The miner had come to Laveta this afternoon to visit a dentist. When he started to return to the mine he was surrounded by strikers, but managed to send a telephone appeal for aid. Three guards came to Laveta, rescued the miner and started for the mine in an automobile. The party was attacked and in the exchange of shots the occupants of the automobile were killed.

GOD SAVE ANNIE

London, Nov. 10.—Suffragists made another demonstration today at the service at St. Pauls. At intervals they kept singing "God Save Annie Kenney and Sylvia Pankhurst, who are being persecuted for conscience sake."

WOMAN IN PAIN FOR THREE YEARS

With an Aching Shoulder and Lame Back That Seemed Incurable.

Tells of Her Remarkable Cure

"Very few people could so patiently suffer for three years as I did," writes Mrs. M. D. Durand, from her home in Augusta. "Sometimes I did feel very discouraged, but knew that a remedy would some day turn up with the power to relieve my sufferings. Nerviline was the one thing that ever did me real good. It had the power to sink into my stiff, sore muscles, and it drew out the pain and gave me release from such distress as few people know. My condition was largely Rheumatic, and on this account I urge every person with Rheumatic tendencies to use Nerviline—rub it in frequently and bind a hot flannel cloth over the aching parts. This is very soothing and will surely cure."

It is just such cases as this that has made Nerviline famous in many lands. Nr. liniment is so penetrating, so strong; so pain subduing. Its influence over Neuralgia, Lumbago, Sciatica and Rheumatism is simply a marvel. Thousands of actual, permanent cures prove this. In the home Nerviline is so useful because it can be taken internally with sure results, for cramps, stomach pains, and diarrhoea. It stops vomiting, cures nausea and sick headache.

No home complete without Nerviline. Family size bottles, 50c.; trial size 25c., at all storekeepers and druggists or The Catarrhozone Co., Buffalo, N. Y.

AMATEUR BURGLAR STEALS CHANGE ON FIFTH STREET

Goes Through Roomers' Pockets and Appropriates Sums Aggregating $15.

The home of W. J. Mahony, 625 Fifth street, was entered by burglars on Sunday night. The burglars went through some of the clothes belonging to the roomers and stole loose change to the value of $15.

The burglar or burglars were of a rather curious turn of mind as in one pocket they left five cents and in another they left an English farthing and in another pocket they left a street car ticket. No jewellery was taken although the watches and tie pins and other articles were left lying on the dressers.

After looking through the pocket books the burglars left them lying at the foot of the stairs. As far as can be learned the burglar did not go upstairs where the most of the boarders sleep.

Tuesday's Specials Ought to Go With a Rush

THE extensive alterations on the first floor this week have made it even more necessary that we clear these lines. We want the room and must have it before the Christmas rush comes upon us, so hence these extremely low prices throughout the store. Everything is reduced even regular merchandise. Some lines are marked away below cost even.

More Changes

This last week many more changes were made throughout the store. The partitions back of the main floor were removed and the main floor is now extended to the new building. The Juvenile department is now on the main floor back of the Men's department with double the amount of space it formerly had. The candy department is now situated on the main floor centre being removed from the grocery department third floor. The new fixtures are arriving from Calgary and are being installed as they arrive. The new elevators are running nicely now and will be ready for use just as soon as the iron grating are put up. There are three new passenger elevators which will hold twenty-four people each. Work is being rushed on the new lunchrooms and we hope to announce soon their opening.

HONESTY IN PUBLIC OFFICE AND IN PRIVATE LIFE.

Delivering his charge to the Calgary jury in the case of Harry Minchin, ex-alderman, candidate for the city commissionership and acting-assistant city treasurer, but now a convict under sentence of five years for having stolen five thousand dollars, Judge Walsh declared it almost inconceivable the lack of system by which thousands and thousands of dollars were received and handled by subordinates with no check except their personal statements. In the trial it was shown that Minchin had the handling of as much as $65,000 with no adequate system of verification whatever.

The conditions which Judge Walsh condemns so roundly in Calgary, hpwever, are duplicated in greater or less degree in almost every city and government in the country, with an astonishingly small percentage of loss.

It is a common jocularity to suggest that public servants are characteristically untrustworthy, but an examination of the actual conditions will prove to anyone who gives the matter attention that, notwithstanding that public business is done more largely upon the trustworthiness of its servants than any other business, there is, comparatively, less peculation and fewer breaches of trust in the public service than in any other business. And this, in spite of the fact that the remuneration to public servants is universally less than in other services and that the appointments are almost universally more or less political.

Possibly this last fact furnishes the greater part of the explanation. It has become the fashion now-a-days to take a fling at "politics" as the great corrupling influence, and almost every new move finds someone who arises to declare that the public's business should be taken out of politics. Yet on the whole, the average honesty of the political custodian of public office—either appointive or elective—is higher than that of the custodian of private office into which politics do not enter.

The public office holder who owes his position to his rise in politics must first of all have demonstrated at least his seeming trustworthiness to a very large number of people before he could have arrived at a position of trust; and having thus demonstrated and having arrived, in the performance of his duties he owes a responsibility not only to his bondsmen—which is largely impersonal—but to those whose confidence in him was the means of his having arrived at the office—a responsibility which is purely personal and absolutely direct.

The custodian of a position of trust which is not a public position has no such sensation of responsibility to the public. Nor has he ever been tested in the crucible of politics where temptations lie on every hand.

That this condition is conducive of a higher standard in governmental affairs than private may be proven by anyone who cares to think it over. While the public's business, that is to say the municipal and governmental business, is by far the largest business in the country, Minchin's case stands out most conspicuously on account of the fact that his theft was from the public. When he gets inside the penitentiary he will find many who have defaulted and violated their trust with private concerns, but he will find himself almost alone as a man who has betrayed a public trust by actually dipping into the treasury and taking out cold coin.

A NEW CONTRIBUTION TO EDMONTON'S GREATNESS.

The opening of a few new townships in the Fort McMurray district may be taken as a forecast of what may be expected in the north country within the next twelve-month or so in the way of settlement and development.

Heretofore the great attraction for the pioneer has been the Peace River country, a country of undoubted fertility and tremendous possibilities, made particularly attractive to the settler by the promise of early transportation. With the settlement of the Waterways question this promise applies equally well to the Lower Athabasca country, as it may be accepted as axiomatic that the MacArthurs will lose no time in the construction of the new railway. Added to this promise of early transportation, Fort McMurray has advantages which are peculiarly its own. The climate, the soil and the possibilities of crop-production have long since been proven, but the great advantage of the McMurray country will be the certainty of an immediate and highly-profitable market.

The opening up of the oil fields, the establishment of new towns in the gas belt, the development of the fisheries of the Athabasca and Great Slave lakes, and the establishment of mining and lumbering industries to the north of McMurray promise a most lucrative market for the settlers in that country which will guarantee the settlement of the townships already thrown open and many more.

Edmonton, which has been observing and profiting by the trek into the Peace River, is now about to see the attractiveness of that country shared by another which, in the end, will be quite as large a contributory influence toward the upbuilding of this city as the centre of the vast empire of the last best west—and north.

TODAY IN DOMINION HISTORY.

Sir John Sparrow David Thompson, who will live in history as one of the most eminent of Canadian jurists, was born in Halifax 60 years ago today. He was educated at the Free Church Academy in his native city, and at 21 was called to the bar. From 1877 to 1882 he was a member of the Nova Scotia assembly and of the executive council, and attorney-general of the Province, afterward becoming judge of the supreme court, and in 1885 Attorney-General of Canada and Minister of Justice. He arranged the fisheries treaty between England and the United States in 1885, and was the representative of Canadian interests at the Bering Sea arbitration, in Paris, 1893. In the latter year he became Prime Minister of the Dominion. He was knighted in 1888. In 1894 he visited England, and died on Dec. 12th. England honored him as a great man, and his remains were brought to Canada for burial in a warship. Sir John was one of Nova Scotia's most illustrious sons, great alike as jurist and statesman. All Canadians, regardless of party, mourned his sudden and untimely death.

November 10 is the anniversary of the wreck of H. M. frigate Atalanta, off the coast of Nova Scotia, just a century ago, Nov. 10 1813. Three years later, to a day, the transport Hartgarver and several other Newfoundland coast, and about 200 persons were drowned. On the night of Nov. 10 a military ball was held, given by the officers of Gen. Wilkinson's expedition for the capture of Montreal, landed at a point below Cook's Point on the St. Lawrence. Boyd had been given about 4,000 men and had been ordered to clear the woods of the "pestiferous" British and Canadian troops who had been harassing the army of invasion. The result of this movement was the battle of Crysler's Farm, which was fought on the following day, when the defenders of Canada were completely victorious, although outnumbered four to one.

FIRST THINGS

The first great "world's fair" in America, the Centennial exhibition of Arts and Industries at Philadelphia, was closed with imposing ceremonies 37 years ago today. The exhibition opened May 10, 1876, with 33 nations represented by exhibitions. President Grant, Emperor Dom Pedro II, of Brazil and many other distinguished men were present. The exhibition was open for paid admissions 159 days, and the total number of paid admissions at 50 cents each was 7,250,620, and at 25 cents, 753,654. There were 1,906,602 season and special tickets, making a total of 9,910,966. The total cash receipts was $3,813,725.50. Since then international exhibitions have been held in Paris, Atlanta, Louisville, New Orleans, Chicago, Nashville, Omaha, Buffalo, Glasgow, St. Louis, Portland, Ore., Seattle and Jamestown, Va., and San Francisco will be the scene of a great exposition in 1915.

SPORTOGRAPHY

Courtney, "Grand Old Man" of Cornell, 64 This Week

Charles E. Courtney, for 28 annums the benevolent despot who has ruled over the Cornell oarsmen, was born at Union Springs, N. Y., 64 years ago this week, Nov. 12, 1849. The "grandsire" of all American rowing coaches, who has turned out so many winning crews for the times, Institution, was a carpenter's assistant in his youth, but all his spare time was spent pulling an oar. He first distinguished himself as an amateur oarsman when, at the age of 18, he defeated two good oarsmen who rowed in shells, made by hand of crude wooden boat. This feat, performed on Cayuga Lake, gave the youngster a local reputation, and he was much in demand for amateur regattas. 40 years ago, at Saratoga, he became a national figure by beating a field of a dozen crack scullers, leading a full quarter of a mile. As an amateur he was never defeated, although he took part in nearly 100 races. Courtney was 27 when he decided to turn ability as a sculler to financial account, and turned professional. For the next seven out of nearly half a hundred races, and then, in 1885, began his career as autocrat of the Cornell crews. He has always been the strictest of disciplinarians, and, while his training rules are simple, they must be strictly lived up to, on pain of instant dismissal of any offender. On one historic occasion Coatney "fired" a whole crew because they insisted in strawberry shortcake, in violation of his orders. Moreover, in the few days remaining before the race, the great coach built up a crew that was victorious. Cake and pie are tabooed by the "Old Man," and so are tobacco and alcoholic beverages of any kind. For the rest, the diet of Cornell crews is little different from that of the average healthy man. In training camp the members of the "the wazon" Courtney has the co-operation of everybody in Ithaca, and saloonkeepers, hotel men and even gamblers have often reported breaches of discipline to the "Old Man." Yet, for all his stern insistence upon exact obedience, Courtney is kindly and sympathetic, and a sportsman who would a thousand times rather have his men lose a race than to win by anything but the fairest of methods.

NURSE'S YEARS OF EXPERIENCE

Proves Dr. Chase's Kidney-Liver Pills Best Treatment for Kidney and Stomach Troubles.

The trained nurse has even greater opportunities than the doctor himself to watch the action of medicine in specific cases.

For years the writer of this letter has been recommending the use of Dr. Chase's Kidney-Liver Pills among her patients, and is firmly convinced that no treatment is so prompt and effective.

This is the most valuable evidence obtainable, and, we believe that all who know Mrs. Duffy will appreciate it to the full, knowing that she would not recommend anything in which she had not the fullest confidence.

Mrs. Duffy, nurse, 35 Lewis street, Toronto, writes: "I have used Dr. Chase's Kidney-Liver Pills for years, and recommend them to my patients for all disorders of the kidneys, liver and stomach. In all my professional experience I have found nothing better." Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box. All dealers or Edmanson, Bates & Co., Limited, Toronto.

TODAY'S BIRTHDAY PARTY

Col. Winston Churchill, Author of Best Sellers, is 42 Today

Col. Winston Churchill, author of "Richard Carvel," "The Crisis," and other best sellers, will celebrate his 42 birthday today. The distinguished writer and Bull Mooser was born in St. Louis, lives and writes and runs for office in New Hampshire, and gets his mail from a Vermont postoffice. American literature had a narrow escape some 20 years ago when Mr. Churchill entertained an ambition to sail the seas as a cap'n bold hold in Uncle Sam's navee. He went so far as to graduate from the United States Naval Academy at Annapolis, but, after thinking the matter o'er, he eventually decided that he preferred a lit'ry career on terra firma to a life on the bounding deep. His first novel, "The Celebrity," was published 15 years ago, and was moderately successful. This was followed in 1899 by "Richard Carvel," which was one of the big hits of the year, and gave the young author a reputation in Europe as well as in America. He followed his success with another, "The Crisis," and has since hit the literary bull's-eye with several other tales of love and politics.

Col. Churchill has invested the proceeds from his books in a farm at Cornish, N. H., where he lives the life of a country gentleman. He is the chief of a literary and artistic clan which includes Kenyon Cox, Maxfield Parrish, Louis St. Gaudens and many authors, and President Wilson also pitched his simmer camp in the neighborhood.

For 10 years Col. Churchill has been prominent in politics, and has made several incursions into the arena as an office seeker. He was a member of the New Hampshire legislature in 1903 and 1905, and last year he ran for Governor on the Progressive ticket. There were 14,401 citizens who were willing to have an author in the executive mansion, but this was not enough by half to put him there.

Dr. Henry Van Dyke, clergyman, poet, author lecturer, professor and angler, was born in Germantown, Pa., 61 years ago today. As professor of English literature at Princeton, Dr. Van Dyke was a close friend of President Wilson, and when the "prexy" of Old Nassau became chief executive of the republic, Dr. Van Dyke was offered the post of minister to Netherlands and Luxemburg. His literary work and his lectures before the University of Paris and other institutions have so spread the Princeton professor's fame to Europe. The output of his scholarly pen covers a wide range, from delightful little tales of French-Canadian life to philosophical theories and theological discourses. His poetry is easy and graceful, and deals principally with religious themes. He was a friend and enthusiastic admirer of Tennyson, and some of his work reflects the influence of the great English poet. He is fond of hunting and fishing, and, with gun and rod, has visited many parts of both the United States and Canada. His trips to Quebec inspired many of his most felicitous stories. Before taking up educational and literary work, Dr. Van Dyke occupied Presbyterian pulpits in New York and Newport, and for a year he was moderator of the Presbyterian assembly. His son, the Rev. Tertius Van Dyke, was ordained this year, and the answers he gave to certain theological questions gave rise to talk of a heresy trial. Dr. Van Dyke vigorously defended the views of his son.

TODAY WE CELEBRATE

Festival of Reason to be Observed in Paris Today

In the Latin quarter of Paris freethinking students will celebrate today the festival of reason, which was just 120 years ago today, Nov. 10, 1793, that the worship of the goddess of reason was instituted by the French revolutionists, who hoped thereby to do away with Christianity and establish on the ruins of the old faith a creed that would last reason at its deity.

Nowadays the festival is a lark, with a pretty model playing the role of the goddess, once essayed in all seriousness by Mme. Momoro, the youthful and lovely wife of a Jacobin printer.

Clad in a flowing robe of white silk, with a mantle of blue, and a cap of liberty upon her head, Mme. Momoro was carried on an improvised litter by four stalwart citizens to the ancient church of Notre Dame, which was formally dedicated as a Temple of Reason. The procession to the cathedral included the foremost men of the revolution, the members of the convention, and the magistrates of the city. Thousands of citizens marched to the church, and, crowded in and about it, shouted, "Long live the republic! Reason forever!"

Impassioned speeches of defense of the new religion of reason and liberty were made by frenzied orators, some of whom had donned the surplices of the priests. Hymns and hallelujahs in praise of the revolution were sung. The ceremonies of Christianity were burlesqued and ridiculed. The gold and silver statues of the saints were hurled from their places, while one of the orators shouted:

"O, blessed saints, symbols of fanaticism, you are about to become patriots! You are at last to leave your places and serve the country by going to the mint to be melted, and thus give us in this world that felicity which you falsely promised in another!"

Over the door of the churches the disciples of the new unfaith placed the inscription, "There is no God!" The public cemeteries proclaimed, "Death is an eternal sleep!"

DEANE CENTENARY

New England historians owe a debt of gratitude to Charles Deane, who was born in Biddeford, Me., just a century ago today. He amassed a fortune in a mercantile career in Boston, and in 1864 he retired from business and until his death in 1889 devoted himself to historical research and literature. Many valuable historical works came from his pen, including books dealing with the foundation of the Plymouth colony, Sebastian Cabot's career, Governor Hutchinson, Samuel Gorton, "Smith's True Relation," and "Winegfield's Discourse of Virginia."

St. Andrew Avellino, whose festival is celebrated today by Italians, is the special patron for protection against sudden death. The saint, who died early in the 17 century, was himself a victim of apoplexy and passed away suddenly while saying mass. There is a legend that the fiend in visible form appeared beside the dying man and sought to clutch his soul, but was prevented from doing so by the intercession of the Virgin.

WILL NOT RECOGNIZE HUERTA.

London, Nov. 10.—Walter H. Page, United States ambassador today presented to the British foreign office another message from President Wilson, the general effect of which is that under no circumstances will the president recognize Provisional President Huerta or any of his acts.

President Wilson's message is regarded here as in the nature of an interim report not calling for a reply.

Great Britain therefore awaits a more definite announcement from President Wilson, setting forth precisely the steps he purposes to take to enforce his policy before sending a formal reply.

A WONDERFUL CURE OF AN ABSCESS BY Burdock Blood Bitters.

Mr. A. W. Dryden, Amherst, N.S., writes:—"I am going to tell you what Burdock Blood Bitters has done for us. My son "Vance," when only nine months old, got an abscess on his check bone. I took him to a doctor in St. John, N.B., and he lanced it, and told me it would get well in a few days, and wanted me to keep it squeezed out. It did not seem to get any better, so my wife took him back. The Doctor told her to take him home and it would soon get better. It would gather and break, and it went on that way until he was over four years old.

"He lost four pieces of bone out of where it was lanced, and two pieces came from his mouth; he has lost all of his cheek bone, and his eye was drawn down. I took him to doctors in St. John, Moncton, and Amherst, and all wanted me to let him go under an operation. He was so small I told them that if he was going to die he might as well die as he was as to go there and be all cut to pieces, so I declined to have the operation done. I told them I was going to try Burdock Blood Bitters, as I had heard my mother talk so much about it. I got a bottle, and when it was about half gone noticed it was doing good, and before many days the sore stopped running, and healed up, and the abscess has never broken out again. This happened nearly six years ago, so you can see I have great faith in Burdock Blood Bitters, and I can say with all my heart that it is the best blood medicine in the world."

POLICE COURT

Created Disturbance.

H. Thorne did not like being ejected from the place where he had been spending his money on booze, and told the hotel policeman so in rather strong terms, with the result that he found himself in the police court this morning charged with being drunk and creating a disturbance. Possibly the fine of five dollars and costs will quiet him for a while.

The Smile Came Off.

With a smile stretching from ear to ear William Scott appeared before the magistrate this morning and pleaded guilty to having been drunk. Sad to relate, the smile vanished as well as five dollars and costs out of his pocket.

War Dance at Uncle's.

Stanley Pelpolin and Joe Vitchin, two Cree Indians, appeared before the police court this morning on a charge of creating a disturbance in a second-hand dealer's. Five dollars and costs each helped to relieve them of the wad which they were carrying.

Erratic Gymnastics.

Henry Devon, who comes from gay Paree, was found guilty of having hitting a boy across the face with his hand and further helping him along with the toe of his boot. This slight gymnastic cost him one dollar and costs.

Four Months for Aubrey.

Aubrey Price, the roaming house thief, appeared to answer two charges that had been laid against him. One was that he had stolen a suitcase and clothes to the value of $65 from James Forsyth. He pleaded guilty to this charge and was rewarded with three months' imprisonment with hard labor. The second charge was that he stole a suit of clothes from Fred Lambert on June 6 last, valued at $35. He also pleaded guilty to this charge and was further sentenced to one month's imprisonment.

Aubrey's Friend Discharged.

Maggie Brown was charged with receiving stolen goods from Aubrey Price, but as the evidence was based on the evidence of a convicted thief, the court could not find her guilty, although the magistrate had no doubt whatever that she really was guilty. The case was dismissed.

Cheaper Than Instalments.

As the winter is approaching with its snow and ice, George Graham looked around for the most convenient and cheapest way to procure a fur-lined coat, after the manner in which he came by the same to the conclusion that the cheapest way would be to steal one. With George, to think was to act, with the result that he was charged this morning with the theft of a fur-lined coat. After his serious meditation as to how he could procure the coat no option was left him but to plead guilty, and, naturally, after such a brainwave had been followed, so the magistrate gave him two months with hard labor to recuperate.

Lost His Memory.

Alfred Smith swiped a pair of blankets. He admitted the deed and, asked by the magistrate how long it was since he started to swipe other people's goods, he replied that he could not remember. One month with hard labor to recovery memory.

Fines Paid Up.

Maggie Coleman thought things seemed familiar in the court this morning, when he appeared in the capacity of keeping disorderly house at 95 Morris street. We'll let the cat out of the bag—Maggie was up on the same charge last week, receiving a five-dollar fine. This time it was more serious, evening as it did so soon after her last condemnation, and she therefore received a term of two months in prison to make sure that she would not appear again this year.

No Color of Evidence.

Chas. Pitts, colored, charged with being an inmate of a house of prostitution, was dismissed, as there was not sufficient proof to convict.

NOTED OLD TIME CATTLE MAN PAYS VISIT TO CITY

Father of Cattle Industry Along C. & E. Line is in City.

HAS BEEN SHIPPING CATTLE FROM VICINITY 20 YEARS

In Early Days Sold Cattle to Incoming Farmers on the Share Plan.

One of the most interesting figures of the real old-timer class and father of the cattle industry along the Calgary and Edmonton line of the C.P.R. is Mr. J. H. Alguire, of Westport, Ontario, who spent the week end in the city, a guest at the Cecil hotel. Accompanied by his son, D. P. Alguire, he has just made a shipment of 200 beef steers to the east, similar shipments, often of a larger order, Mr. Alguire has been making for the past 18 years.

Mr. Alguire, some 20 years ago, came to the west with a number of cattle, and sold them to farmers along the Red Deer river upon the share plan, and the shipment of 200 which he sent east last week, are a part of the dividends in live cattle which he is today reaping from his enterprise, for during the early '90's few people thought well of this part of the west, and the farmers along the C. & E. were all comparatively poor, but Mr. Alguire had faith in the country, and the sturdy settlers who were coming into the country, and how well his plan worked out can easily be seen by an examination of the live stock shipment figures along the C. & E. today.

Mr. Alguire makes a trip over the territory every year, and from here continues on a general tour of inspection to Vancouver and other coast cities.

BIG FUR CATCH THIS YEAR SAYS NOTED FOX MAN

Eastern Black Fox Buyer Will Stay in North All Winter Hunting Valuable Animals.

(Special to The Capital.)

Grouard, Nov. 10.—Knowing its way through an inch and half of wood, a cross for the property of Capt. Ambrose, made its escape while crossing from Peace River to Grouard in a wagon in which there were four others. The escape was not noticed until the animal had made good its get away.

Capt. Ambrose, who arrived here some few weeks ago returned from an extended trip through the Peace River country, going as far north as Vermilion in the interests of the Fundy Fox farm, of St. John, N. B., buying foxes and making arrangements with trappers for the catch of the coming year and shipment south. The Captain stated that there is every indication of a large catch this winter, not only in fox but in other fur bearing animals, rats, lynx, martin, etc., are all very plentiful throughout the north country and the trappers are all confident of a big haul during the next few months.

Captain Ambrose expects to spend the better part of this fall and winter in and around Grouard and will possibly make a few trips north in the interests of his company.

MORAL CONDITION OF EDMONTON IS RELATIVELY GOOD

"We Ought to be Thankful that We Are As We Are."

LARGE CROWD ASSEMBLES IN McDOUGALL CHURCH

Thanks to Efforts of Citizens Fair Name of City Has Been Maintained.

"I believe that the moral condition of this city is, relatively speaking, very good. We ought to be thankful that we are what we are."

These words were spoken by Professor C. E. Bland of the Alberta College, in his address yesterday afternoon at the mass meeting held in McDougall Methodist church under the auspices of the Alberta Temperance and Moral Reform League.

The big church was crowded to its utmost capacity with an enthusiastic gathering of men and women. The chair was occupied by his honor, Lieutenant-Governor Bulyea, while the speakers were Professor E. C. Bland and E. F. Ewing, M.P.P. Special music was provided by the Salvation Army band and some splendid solos were rendered by Rev. Steinhardt and J. Gardiner.

Professor Bland's Address.

In his address Professor Bland stated that the conditions in this city were good, especially when compared with some of the other cities. Some time ago this city threatened to become a rendezvous for vice, but thanks to the efforts of the citizens its fair name had been upheld, but we should not only be satisfied with what is good, we should press forward until we had attained that which was best. There are two things that are necessary, and the first is vigilance. The speaker stated that he was glad that we have a press that brings all the news to us, but that was not enough, we must get out and find out the impartial truth about everything and keep our eyes open and be prepared to remedy the wrong no matter what the result. People must have the power of a just and noble indignation and there is cause for that indignation in our city while children are deserted by drunken parents, while there are men who can seduce by the means of an auto ride or by the means of a picture show. He stated that there had been considerable violation of the Lord's Day act during the last summer and very few convictions, but he was glad that the promise had been given that it would be more strictly enforced in the future, and that as a token and pledge of the beginning of better days and that this act was being enforced impartially, was the closing of the picture shows on Sunday.

Diabolical Liquor Traffic

While there are other evils there are none so diabolical as the legalized liquor traffic, and we must bear the responsibility of this traffic if we do not do our utmost to stamp out and destroy this evil—one that is the enemy of all good institutions and that violates the sanctuary of the home, making children cold and hungry. It is the enemy of the church and of the state, causing paupers and imbeciles. He said further that although the brewers and distillers were often listed high up in their contributions towards hospitals and colleges, yet they were leaving a trail behind them of doomed lives. It is whisky that brings lives down to the waste pile of humanity. The speaker closed by stating that Canada had the lowest consumption of liquor per capita of any British colony.

Work Accomplished

In his address Mr. Ewing gave a brief review of the work accomplished by the temperance cause and how it had broadened and widened out. He gave the commercial side of the question, stating that integrity and trustworthiness was what was demanded today. There has grown up in the minds of business men the idea that the use of alcohol lessens the trustworthiness and reliability of men. It means a steady undermining of business morality, and hundreds and thousands of employers refuse to employ men who are habitually intemperate, as it renders them less capable of giving the loyal services that are necessary in this commercial age.

OVERDUE SHIP ARRIVES

Boston, Mass., Nov. 10.—The long overdue Hamburg American liner Argonia, concerning which considerable anxiety has been felt, crept in through the foggy weather. She had been 21 days on the voyage from Yokohama. Captain Enligh said the steamer was forced to put in at Aden, on the Red Sea, for repairs to leaky boilers, and at Ponta Delga for coal and water.

NO ABROGATION REQUESTED

Tokio, Nov. 10.—The foreign office today said there was no truth in the report published in the United States that Japan had requested the abrogation of the Anglo-Japanese alliance.

RECEPTION.

The reception on Saturday afternoon given to Miss Margaret Anglin by the Canadian Women's club at the residence of Mrs. C. W. Cross, was most enjoyable.

While waiting for Miss Anglin to arrive, the beautiful house was the pleasure of every one; the handsome rooms and artistic decorations were a veritable study.

Miss Anglin was motored to the house in Mrs. Short's car, accompanied by Mrs. Murphy and Mrs. Froame, after the matinee, and on her arrival, was presented with a bouquet of lovely pink roses. The members of the club were then presented—the guest of honor finding some old friends among the many who were introduced to her.

Miss Anglin was elegantly costumed in a gown of taupe brocade with corsage of cream lace, wearing a magnificent wrap of velvet and fur, and a small fur toque which was most becoming.

The tea table was prettily adorned with sprays of carnations in glass vases. Mrs. Ewing and Mrs. Arthur Mowatt were in charge, and were assisted by the Misses Murphy, Miss Jean McIsaac, Miss Marjorie Brown, Miss Maxine Morris and Miss Beatrice Saunders. Mrs. Short attended to the ices.

Mrs. Cross, who is always charmingly dressed, wore a black crepe de chine with a white lace bodice.

Miss Anglin had only a short time to stay and was driven back to the King Edward to rest for a few minutes before the evening performance.

The third annual ball of the Graduate Nurses' association will take place in the Empire auditorium on Friday, November 21.

* * *

Mrs. A. W. Wheeler, of Peace avenue, will receive on the third Wednesday of the month, instead of the second, and not again until the second Wednesday in January.

* * *

The "the dansant" at the Blue Moon tea room on Saturday was, as usual, very well patronized, notwithstanding two other attractions, the matinee and Canadian Women's club reception. Everybody danced, and those who did not, enjoyed tea and gossip and good music.

The Teachers' Tennis club, of Edmonton, are giving a dance on Friday evening in the McKay avenue school hall.

Sunday's Sermon spoilt by Coughing

A dose of Mathieu's Syrup of Tar and Cod Liver Oil taken before leaving for church will check that service spoiling cough.

This preparation acts as a tonic as well as a cough cure and its use soon enables the system to throw off all signs of cold.

Keep it in the house — large bottle 35c at all dealers.

J. L. MATHIEU CO., Prop., Sherbrooke, P.Q.

P.S.—Mathieu's Sarsaparilla Powders cure headaches and dispel fever. Invaluable for feverish colds to take in connection with Mathieu's Syrup. 25c Box of 14 Powders.

IF HE DID NOT DRINK

Many men are good husbands and sons and fathers in every way except the habit of drinking. They have become so badly poisoned with alcohol that they cannot stop drinking. The result is unhappiness and poverty for wife and family. Encourage them to take the Neal Drink Habit Treatment. The Neal Treatment will remove the craving and necessity for drink in three days—without the use of hypodermic injections.

The concert tomorrow evening in the McDougall auditorium, given by Madame Yolanda Mero, a pianiste of great brilliancy, promises to be one of the musical events of the season. The press notices of Madame Mero are exceedingly good, and she should be greeted by a good big enthusiastic audience, for, however good an artists may be, she needs an appreciative audience to encourage her, and Edmonton is rather inclined to be very undemonstrative; so, for a change, ye musical Edmontonians, give this Hungarian artiste a rousing reception. Mrs. Ethel Reese Burns has already won her laurels, so she will as usual give a pleasing assistance.

Miss Katherine Elkins, the famous American beauty who has been the idol of the Italian Duke of the Abuizzi for a number of years, but who refused to listen to his wooing, has at last fixed the great gulf between them, by marrying an American named "Billy Hitt." Billy seems to be a favorite down in Washington, for the comment there is "good for Billy Hitt—he deserved to win her, for he stuck to his colors even to a royal rival" and waited for his reward for seven years.

UNIQUE FILM AT ROYAL THEATRE

Unusual Production Entitled "The Burning Rivet"—A Story of Political Intrigue.

The program at the Royal theatre today contains an unusual production entitled "The Burning Rivet." The film is in reels, and is a story of political intrigue, and, of course, love also plays a prominent part in the action of the play.

A strong scene is enacted when some ironworkers on a nearby building, toss a red-hot rivet through the open window of the office of the political boss. He is in a drunken stupor, and not noticing the rivet, which falls into the waste paper basket, perishes when the building catches fire.

Two other interesting numbers on the program are, "The Outlaw," and "The Scratch."

"The Outlaw" is a very interesting western drama by the Vitagraph company, which tells how the outlaw's heart is touched by a fellow-sufferer, who returns evil for good. The ingrate's treachery is avenged by the outlaw's daughter, who also suffers by his ingratitude.

"The Scratch" is one of those hilariously funny Essanay comedies.

The attractions that are booked for this week are exceptionally good, and patrons will be pleased to learn that the management examine all programs before they are shown, so that all the cheap trashy stuff is eliminated, and a clean, wholesome and interesting evening's entertainment is assured.

POPE IS GRIEVED

Rome, Nov. 10—The Pope was greatly distressed when he was informed that the aged gardener at the Vatican, Antolini, had attempted to commit suicide. Antolini threw himself from a wall 30 feet high. He was taken to a hospital in a dying condition. It was learned that the man was in financial difficulties as his wages as gardener were small.

ANOTHER BIG CROWD WITNESS ANGLIN & CO. TAMING OF THE SHREW

Shakespeare Plays Find Great Favor With Edmonton Audiences—Record Crowd Witnesses Closing Bill.

Following large attendances Thursday and Friday evenings at the Empire theatre, Saturday broke all records at that house and after 8:30 many were turned away.

Perhaps of all Shakespearean comedies the "Taming of the Shrew" is the most noted, and as handled by Miss Anglin and her company, scored heavily. Eric Blind of the principals scored heaviest. It was not until the beginning of the third act that Miss Anglin really had a full opportunity to show her ability in a very difficult role. The string of autos that lined the curb for a full block along Third street draws attention to the necessity which will exist in the near future for a carriage caller in this city.

The total value of the products of the mines and quarries of Quebec in 1912 was $11,187,100, against $8,679,786 in 1911.

COMEDY-DRAMA AT THE MONARCH

Photoplay "The Streets of New York" Will Be Shown There Today.

Starting in situations, gripping in its appeal to human interest, and dramatically thrilling throughout, "The Streets of New York," a three part comedy drama, is the attraction at the Monarch today. For many years the late Frank Mayo toured the country in the play which is the work of that famous playwright, Dion Boucicault. Travers Vale, who originally produced the drama for Mr. Mayo, dramatized the play for film production, and being in touch with the story has succeeded in producing a photoplay of unusual calibre. Dramatic climaxes permeate the story, and the scenic surroundings are strictly in keeping with the action. New York city during the great panic of 1907 is the keynote of the situation. All the scenic accessories necessary to give this picture the proper presentation are utilized.

A splendid cast of artists from the studio of the Pilot Films company, New York city, are utilized, and forceful characterization no better work has ever been offered than is presented by those enacting the various roles in this latest of all sensational photoplays. Children are admitted to the Monarch for five cents every day until 5 p.m. except holidays.

The Carnegie Institute, the New York Botanical gardens and the Smithsonian Institution have combined efforts to make an exhaustive study of the cactus family.

FAMOUS SCOTCH COMEDIAN AT THE ORPHEUM THEATRE

Gripping Two Reel Feature "The Fight at Grizzly Gulch" Shown Today and Tomorrow.

The Orpheum, Jasper East, is giving its patrons another good bill today and tomorrow, and for an extra attraction have secured the famous Scottish comedian, Mr. Jack Park, in up-to-date character songs and female impersonations. Mr. Park comes well recommended and has been held over for extra performances wherever he has played. In one of the best theatres in Saskatoon he was booked for one week and he made such a hit that he stayed four weeks. As a funmaker he is A1 and should please the patrons of this popular showhouse. He will appear every evening this week between the pictures. The picture part of the program is unusually good and as a feature film ::The Fight at Grizzly Gulch" is a corking good Indian story full of ginger and the sensational kind that makes one interested from beginnig to end. This firm is over 2,000 feet in length and is one of the best ever shown in this theatre. The attack on the block house and the fight between the cowboys and the Indians is very realistic and of the fiercest character. A good drama "The Twelfth Juror" and the funny comedy "An Error in Kidnapping" are included in the program.

ARGENTINA'S IMPORTANCE

Ottawa, Nov. 10.—The growing importance of Argentine as a flour producing country is emphasized in a report received at the department of trade and commerce. A census taken in 1912 the export of wheat flour from Argentine increased from 51,203 metric tons in 1900 to 131,590 metric tons in in 1912 and this in spite of a differential duty imposed by Brazil in favor of United States flour. The number of flour mills in that year was 306 with an output valued at almost $50,000,000 for the year.

SUGGESTION FOR LIGHTING STREETS OF EDMONTON

Citizens Should Be Allowed for Verandah Lights on Dark Streets.

The city commissioners had their attention again called to the very meagre lighting of the streets this morning when a communication was read from S. A. Sedgwick. This enterprising citizen proposes that if the city cannot afford to light the streets properly, the citizens living along the darkest streets should be allowed a discount for keeping their verandah lights burning during the evening hours, that the public may be kept out of hidden pitfalls during the black darkness of the midnight hours. "This scheme," says Mr. Sedgwick, "would turn dark and unsafe streets into bright and cheerful thoroughfares that anyone might venture down with some degree of safety. This is no new idea," he continues, "for many of the small towns in Ontario make concessions to consumers along the lines suggested.

"Good, good for that man," exclaimed Commissioner Harrison, "I am glad there is at least one man in the city that sees it is dark. I don't see how the citizens stand for it," he concluded.

Commissioner Chalmers told of some very dangerous streets across the tracks where there is no lights at all, and he thought that something should be done immediately to remedy the situation.

While nothing could be done along the lines suggested in the communication the commissioners decided to forward it to the superintendent of the electric light department for a statement of his side of the case.

TO THE RATEPAYERS AND TENANTS OF THE CITY OF EDMONTON.

Ladies and Gentlemen,—At the request of a number of the members of the Board of Trade and other recognized best business men of this city to offer myself as a candidate for aldermanic honors at the forthcoming civic election, I have consented to do so.

I have been a resident of Edmonton since 1902 and believe that I should be able to do good work as a member of the city council. If you, the electors, choose to elect me, I will most assuredly appreciate your confidence and support. Should I be elected I have only one promise to make, and that is, that I will endeavor to serve the city, and the city only, to the best of my ability.

That a plebiscite should be taken before the next session of the legislature to obtain the views of the electors on the question of municipal government by elective commission, meets with my approval.

Yours respectfully,
J. R. McINTOSH.

Annual meeting of the Ontario Hockey association will be held December 6.

HERBERT SAMUEL IS ASTONISHED AT ROBLIN'S ATTACK

Was Only Giving Expression to What He Had Seen in West.

London, Nov. 10.—No one is more astonished than Right Hon. Herbert Samuel himself at the scathing attack made upon him by Sir Rodmond Roblin, premier of Manitoba, in consequence of certain remarks alleged to be deregotery to the educational policy of that province, which the British postmaster general made at Montreal, during his recent visit to Canada.

What occurred, says Mr. Samuel, was that he was asked to give impressions of the west, and in so doing he mentioned that he had been specially struck with the zeal of people in the provinces for education, with the excellence of their schools and with the fact that great universities had been founded on sound lines. He added that the only exception he had observed was that in the province of Manitoba a system of compulsory education had not yet been established and that as he had been informed that the result had been that a proportion of the children, especially of the foreign population of the city of Winnipeg, were receiving little or even no schooling. He had learnt this, he said, with surprise, in a province so progressive as Manitoba. It is possible said Mr. Samuel that his remarks may have been misreported in the provincial press ,but otherwise he is at a loss to understand the ground for Mr. Rodmond Roblin's denunciation. His statement was based on information he had received from more than one educationalist in Winnipeg in which town as well as in others he had himself visited schools. His remarks in this connection were endorsed by Principal Peterson of McGill university.

FIRST UNITARIAN CHURCH INCREASING ACTIVITIES

Scope of Secretary's Office Widened and Assistant Appointed—Prof. Alexander Preaches.

Owing to the increasing activities of the First Unitarian church at its new meeting place in the old Presbyterian church, corner of Jasper and Third, a special meeting of the board of managers was called yesterday to increase the scope of the secretary's office, and that position was reconstituted so that it now stands: Arthur B. Watt secretary, and Malcolm Libby assistant secretary.

Prof. W. H. Alexander, of the university of Alberta, delivered a scholarly address on "Some Conceptions of God," in which he asked for a broader conception of Deity than the merely personal one. He also gave a brief prelude on the temperance question, that was discussed by the churches generally yesterday.

Next Sunday morning Mr. B. Turner, M.A., former school superintendent of Spokane, Washington, will speak on "The Evolution of the Social Conscience."

MAY PROTEST W.U.T.'s ENTRANCE.

Calgary, Nov. 10.—The entry of the Western Union Telegraph company into Alberta, through an arrangement with the Alberta government, will probably be vigorously opposed by the telegraphers unions of the province, many of whom were involved in the fight of the operators against the big American company in 1907. The matter was discussed at the meeting of the telegraphers' local here yesterday, and it was decided to petition the government not to enter into any arrangement with the Western Union company unless the company would agree to a fair wage scale and abolish its alleged black list methods.

WHO SHALL OPPOSE MAYOR SHORT IN COMING ELECTION?

Protracted Meeting Held This Afternoon Behind Locked Doors to Decide Question.

The executive committee of the Edmonton Good Government association met Mr. Magrath in the Northern club rooms this afternoon and discussed the mayoralty situation with him for over two hours behind locked doors.

It is said that the session was a very animated one, and the outlook seems to be that either Mr. Magrath or Mr. McNamara will withdraw from the field, so a united front may be presented in opposition to the re-election of Mr. Short.

YOLANDA MERO, PIANIST, PLEASES

The Toledo News Bee says:

"Madame Yolanda Mero, Hungarian pianist, who played for the first time before a Toledo audience, at the Valentine theatre Thursday evening, rises far above mechanical perfection.

"Possessed of a charming and unaffected personality, Madame Mero quickly won the good will of her audience. She played a program ranging from the most heroic compositions to the lighter works of the great masters.

"Madame Mero's artistry is of the highest order, and her charm of manner accentuates it. She plays, not only with exceptional brilliancy of execution, but with a deep psychic force. One is conscious of a strong mentality, as well as intensity of feeling behind her playing. Her touch has power, but it has also an exquisite lightness, when her finger tips seem to toss off airy notes like spray from a fountain."

Mero will be heard here for the first time tomorrow, Tuesday evening, in the McDougall auditorium. She will be ably supported by Ethel Reece Burns who has established an excellent reputation as an exponent of Shakespeare. This combination is worthy of strong support and the large auditorium will doubtless be filled to its utmost capacity. The plan of seats is now open at Harmony Hall adjoining the Corona hotel.

Y.M.C.A. NOTES.

FRENCH CONVERSATION CLASS.

A French conversation class will be formed at the Y.M.C.A. Tuesday evening at eight o'clock. Arrangements are made this year for 24 lessons, against 20 last year, at the same price. Prof. H. de Savoy, who is teaching at the Alberta college, where he is very highly recommended, has been secured as teacher. The purpose of this class is a usable French conversation for business and the many other needs which arise in practical affairs of everyday life. It is a great opportunity for young men who wish to increase their efficiency and usefulness, and the long winter evenings will give the time which is needed. This class will meet on Tuesday and on Friday. The cost for the class is only five dollars, averaging about 16 cents a lesson. It is an opportunity not to be missed. Come tonight.

VANCOUVER GETS IRON PLANT.

Vancouver, Nov. 10.—Vancouver will have a big black furnace for the manufacture of pig iron, if plans for such a plant, now under way, arrive at a successful consummation, according to information which reached the city today. Behind the deal are Messrs. Henry Hewitt, senior and junior of Tacoma, and T. D. MacDonald of Vancouver. All three are now in Europe interesting financial men. It is expected that the company will be formed with a capital of $15,000,000.

BIG SOAP PLANS FOR COAST.

Vancouver, Nov. 10—Sir William Lever, the well-known soap manufacturer, has expensive plans for Vancouver. This became known yesterday, when it was stated that the Royal Crown Soap company had consummated for cash the purchase of 600 feet water frontage in Burnaby. It is proposed to build a model city on the lines of Port Sunlight. The controlling interest in this concern is in the hands of Sir William Lever.

JOHN McFARLAND CHOSEN.

London, Ont., Nov. 10.—The conservatives of East Middlesex nominated Mr. John McFarland of Missouri, Saturday, as candidate for the legislature to fill the vacancy caused by the death of Mr. Geo. W. Neely. The liberals nominate on the 15th and the election takes place on the 27th.

ESKIMOS LOSE HISTORY MAKING GAME

REGINA'S WHIRLWIND FINISH TAKES GAME IN LAST QUARTER

Game Will Live Long in the Annals of Western Canada Rugby History

For Three Periods Regina Had Desperate Work. Cormack Runs Sixty Yards for Touch Down. Stewart Does Great work in Line Smashing. Regina Fans Freely Take All 2-1 Money Offered and There Was Plenty.

Regina, Nov. 9.—Two points behind at half-time, evening up in the third period, Regina swept the Edmonton champions off their feet in the final quarter, winning the semi-final of the Western Canada Rugby championship by 19 points to 7. It was one of the greatest games ever seen in the west. Edmonton has a powerful team, but the Regina players and supporters never lost confidence, and were duly rewarded by the glorious finish.

Speed and conditions, with a degree of stick-to-it-iveness, which would never admit defeat, brought success to the Ritter squad. It was a clean, hard fought game. Edmonton conceded the better team had won, Regina gave the Eskimos credit for a stubborn and gallant battle, while the spectators are willing to admit that the final count of 19 to 7 hardly represented the strenuous nature of the contest.

Regina Has Uphill Battle.

Regina was forced to an uphill game for practically three periods. Early in the first half Edmonton got away with a more or less fluky touchdown. The Eskimos were on the defensive near their own line. Hardisty punted to Wilson in centre field; he fumbled, and Cormack, picking up the ball, ran 60 yards for a touchdown. Rogers, who was the only other Regina man in the back field, could probably have made the tackle but for interference. It was a cinch to kick goal, so Regina was up against a big handicap right there. Doggedly the locals kept at it, getting rouges and safety touches until they evened up in the third quarter.

Outside of that one touchdown, Edmonton scored only one point, getting a rouge in the final quarter.

Hardisty a Disappointment.

Percy Hardisty, who was dragged out of retirement to help the Eskimos win the Alberta championship, was a distinct disappointment. Three times he was hurled back over his own line for safety touches, while Regina's first touchdown was also due to his fumble. Regina's outside wings were altogether too fast for the once great half back.

Stuart's Great Work.

Great line smashing by Stuart, a former Dartmouth player and nifty, and running by Culman were the outstanding features of the Edmonton play. All other efforts at ground gaining were effectually blocked by the Regina defence. Several times the giants of the north were shoved back for a loss. Once, when Campbell, the big inside wing, was given the ball for a buck, he was carried back 20 yards. The Edmonton team got away with quite a lot of offside interference. They follow the American style of play very closely in protecting the man carrying the ball.

Another trick which they got away with all afternoon was in hurling interference and dodging around with the ball a chance to sneak away. If they made any extensive gains through this scheme, however, they were not noticeable.

Lots of 2-1 Money Offered.

The crowd in itself was a feature well worth recording. Over 3,500 wildly enthusiastic fans were present and the enthusiasm ran high from start to finish. While Edmonton fans felt confident their team would win, they considered they were entitled to odds of 2 to 1 and the Regina backers shapped up all they could get at that price. Nothing but a victory is figured on when Ritter leads his men into the fray.

Officials Satisfactory.

The officials, Murray Thompson, of Moose Jaw, and Benjamin, of Edmonton, handled the game well. Benjamin let Edmonton get away with quite a lot of offside interference but on the whole there was little to kick over by either side. Neither side endeavored to get in any rough stuff and the game all the way through was a pleasure to watch. It was high class football all the way through and was so intensely exciting that the stands were kept in an uproar.

Regina's Great Four.

The Regina team has played good rugby ever since Ritter took charge of it, but never was it seen to such advantage as on Saturday. Finnegan and Murphy, the two husky American college players never saw the Canadian game until this season. They have improved with every match and now there are no more valuable players in Western Canada. Freddie Wilson, at half back and "punk" Thompson at flying wing and Charley Otton have also greatly strengthened the team, so that it is a very conservative estimate that this year's Regina team is 50 per cent stronger than that which was good enough to win the Western Canada championship a year ago.

Crapper Some Boy.

Crapper has developed into one of the most sensational outside wings ever seen in the west. He seldom fails to make gains when given the ball and it is a mighty slow game in which he does not electrify the fans by a spectacular run and when Jerry gets going, he is a mighty hard man to bring down. "Tiny" Styles is about 15 pounds heavier than last year, and when his 218 pounds of bone and muscles crashed into the other line something is bound to give and it is seldom "Tiny" fell Robbins, Page, Daly, Ritter, Rogers, of the other regulars are all going better than ever, so it is no wonder that Regina waxes highly enthusiastic over its champions.

No Fear of Defeat.

Never for a minute did a Regina man admit, even to himself, that the team was likely to be defeated. It looked rather bad when with the Edmonton team crowded back to its own line in that first period, a fluky play permitted the scoring of a touchdown, but that simply caused the Ritter following to grit its teeth and cheer harder than ever. Slowly but surely the points were chalked up until that six lead was lifted away.

That Terrible Last Quarter.

Then in that last quarter the break came and Regina was not slow to take advantage of it. That first touchdown may have been more or less lucky. Hardisty, losing the ball after he had attempted to rouge it, but the way the locals were playing at that time nothing could have stopped them. It was condition more than anything else that did it. When the Edmonton men were beginning to lag from the strenuous pace Regina's favorites were still going as strong as ever and in the last few minutes simply swept the Eskimos off their feet.

The line up:—

Regina—	Position.	—Edmonton
Thompson	Flying wing	Culman
Wilson	half back	Stevens
Rogers	half back	Stuart
Otton	half back	Stems
Ritter	quarter	Eaton
Urquhart	scrimmage	Bagley
Handbidge	scrimmage	Miller
Murphy	scrimmage	Bealsey
Finnegan	inside wing	Graham
Robbins	inside wing	Sulgrove
Styles	middle wing	Banting
Page	middle wing	Campbell
Crapper	outside wing	Hardisty
Dale	outside wing	Cormack

Regina spares: Johnson, Taylor, White, Townsend, Abbott, Stronger.

Edmonton spares: Bailey, Morrow, Gregg, Wilson, Raymond, Conway.

Referee, Thompson of Moose Jaw.
Umpire, Benjamin, of Edmonton.
Yardmen, Sixteen and Law, of Moose Jaw.

Weather conditions on Saturday were not very favorable, as a high wind was blowing, and the greater part of the time there was a heavy downpour of rain.

TWENTY-TWO CLUBS REPORT AT MEETING

Officers for Year Are Elected; Teams Anxious to Retain Franchise.

Montreal, Nov. 10.—Twenty-two clubs were reported at the annual meeting of the interprovincial hockey association at the Windsor Hotel Saturday night. Officers for the ensuing year were elected and the groups outlined by the delegates. One of the surprises of the meeting was that both M.A.A.A. and Victoria, two clubs which had acquired a franchise in the city hockey league, were represented. The delegates from these clubs did not only want to retain their franchises but to form a central section of six clubs for the coming season.

The officers elected were: President P. Hewson, Grand Mere; Vice-President, W. Iveson, Ottawa; 2nd Vice-President, W. Brent, Sherbrooke; Secretary, W. J. Brown, Grand Mere. The executive will be composed of a member from each district.

McGill Defeats Royal M.C. Ottawa, Quebec Champions

Hamilton Rowing Club Loses at Toronto But Tigers at Home Defeat Argonauts—Toronto Defeats Queens.

Montreal, Nov. 10—McGill rugby players showed a return to their early season form on Saturday when they defeated the Royal Military College by the one-sided score of 48 to 12. The match was one of the most spectacular seen in Montreal for some time, the play being replete with sensational runs and brilliant kicking. The trick and open plays of both teams added to the interest, making the game more open than any of the previous matches played on the local campus this year. Both teams made costly mistakes.

The winners played an entirely different style of game to their previous matches. They discarded the majority of the line plunging tactics and dependent more on their backs making the runs and returning the punts of their opponents, which gave the wings a better chance to get down. The new formation of playing only two behind the line worked all to the good and was responsible for stopping many a run of the soldiers through having extra men on the line.

ROYAL HIGHLANDERS WIN ROUND-MOUNTAIN MARCH

Good Time Made—Thousands of Spectators Crowd Line of March.

Montreal, Nov. 10.—Cheered by thousands of spectators who crowded Fletcher's field and lined the streets for a considerable of the route seven teams competed on Saturday afternoon in the military forced march around the mountain, the winners being the first battalion of the Royal Highlanders of Canada. Good time was made by all and comparatively few men dropped out, a good even pace being kept up in all cases over the entire 10 miles of march. The team from the Victoria rifles was given second place, being only three points behind the winners.

Each team was 52 strong, 48 men, two non-commissioned officers and two officers. They started at the order of quick march and finished at a good pace. Each team was accompanied by an umpire who rode behind them and cheered any irregularities while a pace-maker on a bicycle proceeded them. The times of the various teams were: 8th Royal Rifles 2:16 1-5; Naval officers training corps 2:29 1-2; 65th Regiment 2:12 1-6; 5th Royal Highlanders second battalion 2:08 1-2; Victoria Rifles 2:11 1-6; First Grenadier guards 2:14 1-3; 5th Royal Highlanders first battalion.

An ostrich feather which cost $50 a few years ago is now worth $75.

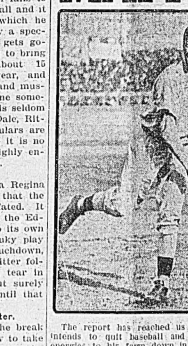
MATTY'S BIG LEAGUE GOSSIP

BY CHRISTY MATHEWSON
THE GIANTS' STAR PITCHER



The report has reached us that Baker intends to quit baseball and devote his energies to his farm down in Maryland. This is the time of the year when a whole lot of stars make up their minds that they are through with baseball, and they always stick to their resolutions—until the leans start south for spring practice.

I don't believe that there is any more chance of Baker quitting baseball than there is of me, and I intend to stick until they cut the "Big League spangles" off me in spite of the fact that several newspapers have attempted to retire me from time to time. Baseball is my business, and I don't see any reason why I should drop it while I am still able to work at it.

Can you imagine Baker retiring? Can't you see him down on his Maryland farm next season reading the box scores of the Athletics' games? And can't you see a little farmer in the imaginative line and think of him watching a bulletin board while the Athletics are playing in the world's series next year without J. Franklin Baker cutting on the purse? I don't expect that "Connie" Mack will be forced to look after a new third baseman next season, although there are a lot of opposing clubs which would think their chances were improved with Baker out of the game.

The Athletics were so tired of baseball after winning the world's series this fall that most of them used to go over to New York every Sunday and play for $150 per game. Baker was always on hand to get his $150.

The retiring habit always overcomes the boys this time of the year, especially those who have not been with winners. The last few months of the season drag very hard on clubs that are out of the race, because the interest is gone. And then almost every ball player has the ambition to do something besides baseball, partly because they are all looking ahead to the days when they won't be fit for the game any more, and also because they run up against the same old element of dissatisfaction with the present that enters into the life of most business men. Nearly everybody wants to do something else, I have found, and it is true of ball players.

Plank declared last year that he was going to retire, Kling retired two or three times during his career, only to come back. "Mike" Donlin retired to go on the stage, but now he is fighting to get back into the Big League. "Rube" Marquard retired last year until the Giants had been in the south for a week or two. What! Baker retire? Don't make me laugh.

It won't be long before the contracts are sent out for the players to sign for next year. Then there will be a lot of boys holding out for more money. Salaries in the Big League are greatly overrated by the general public. The common impression is abroad that no man in the majors turns over his hand for less than $5,000 per year. I believe I could count on the fingers of my two hands the stars in the two Big Leagues who are being paid more than $5,000 a year. The average salary is about $2,500 to $3,000.

Most of the men are saving their money and the public "pans" them for it, declaring that they are tightfisted. I have been around in baseball for some time, and I don't think many Big Leaguers are tight fisted. I'll admit, however, that there are very few of them who will drape themselves over a bar any more and chant that glorious old refrain: "What are you going to have?"

When ball players lived from hand to mouth, the public used to "pan" them and say that they were "easy." Now that they save, they are rated as "tightwads." But in spite of this fact, ball players are living themselves so that there are not many benefits being given for down-and-out Big Leaguers any more. Several players have made big money out of baseball through accumulation and wise investing.

There is "Fred" Clarke, who started in the game with nothing except his ability to play it and his shrewdness, has a big ranch out in Winfield, Kan., and does not look forward to eating snow balls this winter. "Fred" is worth more than $100,000, and it has all come out of baseball. He tells a good story of how he happened to begin to save.

"When I was with the Louisville club as a young fellow, I was pretty wild," says Clarke, "and I used to go out to the saloons after the games, like most ball players did in those days. It got to be a habit with me. Barney Dreyfuss always liked me from the start, so one day after I had had a bad afternoon in the field and at the bat, he called me to his office.

"'Clarke,' he said, 'you won't last in the Big League long the way you are going now. You can't play baseball and bat around all night. If you are going to make good, you have got to give the game the best there is in you. Think this over.'

"I did think it over and made up my mind that Mr. Dreyfuss was right. Since that time I have taken care of myself and have been in the Big League right along."

Clarke is a great example of the prosperous player of today and was one of the first to adopt the new style of living. He was in the game activity much longer than most men are. He can still take his turn at bat as a pinch hitter. And he has a great little bank account, so, you see, the well behaved ball players are getting something out of it.

MANY GREAT BATTLES ON AMERICAN FIELDS

DARTMOUTH TAKES DESPERATE GAME FROM PENN. UNIVERSITY

Harvard Defeats Princeton on Mud-Mixed and Slippery Gridiron

Navy Wins Expected Game—Buckeyes Lose to Heavier Opponents—Indians Outplay Johns Hopkins—Michigan Badly Downs Cornell—Yale Springs Surprise on Browns—Dartmouth Wins Bitter Game.

Philadelphia, Nov. 10—In one of the most bitterly fought games of the season on the Dartmouth 11 defeated the University of Pennsylvania Saturday afternoon by the score of 34 to 21. It was the heaviest scoring game of the year between big teams. Dartmouth scored five and the Quakers three touchdowns.

That there was so much scoring is directly attributed to the use of the open football by both teams. Every one of the touchdowns except Dartmouth's first were the immediate result of good forward passing on the part of the ends, the Quakers big fullback and Chee, the active little quarterback, of the big green team, from Hanover.

Michigan Defeats Cornell.

Ithca, Nov. 10—The west triumphed over the east Saturday, when Michigan decisively defeated Cornell 17 to 0. Cornell was completely outplayed, outweighed and outfought. The long looked for punch was lacking, and Cornell was powerless almost continuously before the smashing onslaughts of the Wolverines.

Michigan scored early in the first period after receiving the kick-off. Craig carried the ball around the right end for a touchdown.

There was no more scoring in the first period. Cornell held the westerners scoreless in the second period. In the third, Captain Patterson kicked a goal from the 26 yard line, and Hughitt wriggled over for a touchdown.

Navy Again Triumphs.

Annapolis, Md., Nov. 10—Although Bucknells football team did not develop anything like the strength expected against their powerful opponents and secured a worse defeat Saturday afternoon than Lehigh did last Saturday. They were the first players to score against the navy this season. The score was, Navy 70, Bucknell 7. The Navy piled up 37 points during the first two periods, three-long runs by Nichols, who went in as substitute quarterback, were the features. In the third period the visitors took an advantage of the Navy's over-confidence, and played pluckily. Gaduic ran back 50 yards with a punt and then Bucknell made two forward passes of about 15 yards each. The second one from Cruisshanks to Sullivan, resulted in a touchdown. Sturgis kicked a goal.

Yale Wins From Brown.

New Haven, Conn., Nov. 10—Showing a complete reversal of form over last Saturday, Yale easily defeated Brown at Yale field Saturday afternoon 17 to 0. The score, however, failed to indicate the superiority of the blue 11. Twice Yale missed place kicks by slight margins, and twice was within striking distance of a touchdown, but on each occasion lost the ball on an incomplete forward pass. It was not until the closing moments of the game that Brown had a chance to score, but Captain Henry failed to kick a field goal. Yale displayed the best form so far this year, although the offense was somewhat lacking in polish. Wilson, with only five days' practice at quarterback, ran the team well, and contributed a sensational 45 yard run, and another dash of 20 yards. Dunn played a star game at fullback for Yale.

Indians Outplay John Hopkins

Baltimore, Md., Nov. 10.—Carlisle's football team outmatched John Hopkin's in every department of the game at Homewood Saturday afternoon. The final score was 61 to 0. By tricks in giving signals and fake plays the Indians repeatedly made long gains around Hopkins ends. Only a few times was Hopkins able to hold Carlisle for downs.

Badgers Defeat Buckeyes.

Madison, Wis., Nov. 10.—The university of Wisconsin won from Ohio state today 12 to 0. The Buckeyes played gamely against the heavier Badger team, but were seldom within reach of Wisconsin's goal. Weather conditions were the worst of the season, the game being played in a snow storm.

New York Review.

New York, Nov. 10.—Despite the handicap of mud-mired gridirons the play of the leading Eastern university football teams Saturday demonstrated the fact that all are rounding into satisfactory form for the final games of the 1913 season.

Although defeat was the portion of several as must always be the case when stronger combinations are faced, the trend of improvement was plainly evident and both victorious and vanquished can look forward to the more important struggles, strong in the belief that each has reasonable grounds for forecasting a victory.

As was the case two weeks ago the question on what the ultimate outcome of several of the more important contests would be. Were they to be replayed on dry fast gridirons? will furnish material for unlimited discussion. The fact remains, however, that considered broadly, the conditions affected all contenders alike and in no case was there an alarming reversal of form.

In several instances, however, defeated teams developed surprising strength and for a time promised to furnish a football surprise party. This was notably true in the Harvard-Princeton game. The Tigers opened with a shift formation attack which completely baffled the Crimson forwards during the first period. Had the field been dry it is quite possible that Princeton would have scored one or more touchdowns. The slippery footing, however, slowed up their plays and gave the Harvard scrimmagers a chance to diagnose the attack. After this was accomplished Princeton lost her formidable appearance.

As a famous veteran pointed out after the game, Princeton gained less and less ground on each attack, which was a clear indication of Harvard's defensive strength under fire.

LONDON WINS FROM PETROLEA

London, Nov. 10—London defeated Petrolea in the final junior Ontario rugby football union game in this district, by 10 to 6, in the best game of the season, Saturday afternoon.

OTTAWA'S CITIES CLUB HAVE GOOD WORKOUT.

Ottawa, Nov. 10—In preparation for the replay against the Argonauts, the Ottawa Citie's University football club had a splendid workout at Lansdowne park Saturday afternoon. It was a regular fixture in the inter-provincial amateur football union, with the Montreal team as the opposing defense, but the representatives of the big Peel street institution are so slow in the race this season that no one took it seriously.

Father Stanton accumulated a safe lead, 16 to 6, in the first half, after which the coach withdrew the majority of his first string players, and finished the game with an army of substitutes in action, the final score being 19 to 9.

Toronto Defeats Queens.

Kingston, Nov. 10—Twenty-nine to nine was the score Saturday in the game Toronto against Queen's. This victory gives Varsity a fighting chance for the inter-collegiate championship if they can defeat McGill at Toronto next Saturday. The game with Queen's was not quite so easy as the score would indicate, and the Presbyterians were fighting right to the end. When they were playing with a strong wind behind them, however,

WHITE SOX TAKE FIRST.

Los Angeles, Cal., Nov. 10—The White Sox took the first game of their Pacific coast debut here Saturday 5 to 3. Russell, for the American leaguers, allowed only seven hits, while Mathewson, for the Giants, was touched for 14. Russell struck out six batters. The game was witnessed by 12,000, the largest attendance ever recorded at the park.

Score— R. H. E.
Sox ..... 201,001,010—5 14 1
Giants ..... 003,000,000—3 8 1

Batteries: Russell and Schalk; Mathewson and Meyers.

Hamilton Loses Abroad.

Toronto, Nov. 10—T. R. and A. A. defeated the Hamilton Rowing club here Saturday 39 to 7. They play again next Saturday in Hamilton, and if the Torontos repeat their success they will be tied with the Parkdale Canoe club for the O.R.F.U. championship. The game on Saturday was a very one-sided and uninteresting affair.

Ottawa Win Championship.

Montreal, Nov. 10—The Ottawa Intermediates won the championship of the Quebec rugby football union on Saturday afternoon, when the 14 were unable to overcome a 10-point lead which the team from the capital obtained in the match in Ottawa, the game ending with the M.A.A.A. ahead 19 to 12, but the score on the round gives Ottawa 30 and the M.A.A.A. 27.

QUINN ELECTED PRES. OF THE N.H.A.

N. H. A. Waives Rights on Players of Maritime Provinces—A Permanent Board of Referees to Be Named.

Montreal, Nov. 10.—T. Emmett Quinn was again elected president of the National Hockey association at a meeting here Saturday afternoon, while the directors for the ensuing season will be P. J. Quinn, Toronto; C. Irving, Ottawa, and S. E. Lichtenstein, Waanderers, Montreal. Aside from the election the most important matter considered was the ratification of an agreement entered into with the Pacific Coast league regarding players and the drawing up of a similar agreement with the Maritime Provinces Hockey league. It was decided that for the sake of peace and harmony and to facilitate the completion of such an agreement that the N. H. A. clubs waive any rights they may have to maritime province hockey players, to five of whom overtures have been made and that the clubs in that association be permitted to use any players who played there last season. The players whom the N. H. A. magnates had been after were not on the reserve list of any of the maritime clubs but it was thought better to remove any obstacles in the way of putting into force the agreement proposed regarding the exchange of the players. This compact will be on exactly the same lines as the one between Pacific league and the N. H. A. and would be effective for four years from last September. This will lead to the control of practically all the players in the Dominion. A permanent board of referees will probably be named for this winter, each club being required to name three men to officiate and the board to be selected from these names at the next meeting of the league. A schedule was submitted to the delegates present and as an objection was taken by the clubs a new schedule will be drafted and placed at the next meeting.

The playing rules will be redrafted by a committee composed of Messrs. Marshall, Murphy, Quinn and the president when they meet in this city next Friday, but no important changes were foreshadowed, the return to the seven-man game not even being hinted at.

The date of the annual meeting of the association will henceforth be the first Friday in May instead of the fall. The meeting will adjurn till November 22 in Toronto. The clubs were represented as follows: Toronto, F. G. Robinson, F. J. Marshall and E. Upthegrove; Quebec, M. J. Quinn and C. Fremont; Wandered, S. E. Lichelstein and H. R. Boon; Ottawa, M. Rosential and Pleseur; Ontario, J. Murphy and Wall; Canadians, Geo. Kennedy.

TYLER, SPOKANE TENNIS PLAYER RANKS FIRST

Vancouver, Nov. 10—Joe C. Tyler, the Spokane tennis player, ranks first among Pacific coast tennis players, according to the official ranking of the North Pacific association, issued Saturday by Secretary E. Cave-Brown-Cave, of this city. Two Vancouver players, Messrs. Evans and Milne, rank third and fourth, respectively.

WEEKS AND MARTIN MEET NOV. 22.

Vancouver, Nov. 10—Billie Weeks and Gil Martin, two Vancouver middleweights, have been matched to box 15 rounds at the Stevenson arena on Saturday, Nov. 22. Weeks is former amateur champion of the Pacific coast, while Martin won the amateur championship of Canada at Toronto in 1912.

'PEG ROWING CLUB REMAIN MANITOBA RUGBY CHAMPIONS

Winners Will Play Final Battle at Regina Saturday for Western Canada Championship.

Winnipeg, Nov. 10.—The Winnipeg Rowing club rugby team retained the Manitoba rugby championship and earned the right to meet the Regina team at the Saskatchewan city next Saturday for the championship of western Canada, they disposing of the St. Johns here Saturday afternoon by the score of 13 to 2 in the final game in the play-off to decide the three-cornered tie. Though the St. Johns were outscored they were not outplayed, but the warsmen excelled their opponents when near the line, going over for two touchdowns by bucking the line.

Over 2,000 fans watched the play, which was the most interesting, as most of the other games, owing to the heavy nature of the field, and the teams stuck to straight football most of the way. The half time count was five to two and the Saints were unable to score in the last two quarters of play.

B. C. AFTER CANADIAN BOXING CHAMPIONSHIP.

Vancouver, Nov. 10—British Columbia is again in the field for the Canadian boxing championship tournament. Rey. A. E. Vert, who will represent the B.C.A.A.U., at the annual meeting of the A.A.U. of C., at Montreal on November 22, has been instructed to apply for the 1914 tournament which if awarded to the coast union, will be held next April under the auspices of the Vancouver Athletic club.

CHAMPIONSHIP AT LATE DATE.

Montreal, Nov. 10—A meeting of the National Lacrosse Union was held here Saturday for the purpose of straightening out the tangle over the championship, but a solution was not received. It was expected before the gathering took place that the two Montreal clubs would stick by the M. A.A.A. in their demand that they be awarded the championship, but when it came to a vote Shamrocks, St. Thomas, Aquinas, and Cornwall, all voted that the championship be decided at some future date, the M.A.A.A. alone voting against it.

OLD ATHLETE KILLED.

Halifax, Nov. 10—George Tracey, 52 years old, a member of the firm of Cunard and company, local coal dealers, was struck by a suburban train at Rockingham Saturday night and instantly killed. In 1886 Mr. Tracey won the amateur half mile running championship of America at New York, and in 1887 he again annexed the half mile championship at Detroit. He also took part in several Canadian championships and was a prominent amateur oarsman and football player. He was unmarried.

Beaver	2000	33¾	..

Toronto Exchanges.

Toronto, Nov. 10.—Stock trading was quiet Saturday. Little buying power is apparent; bearish influence predominated.

Until the main situation is cleared up encouragement to operators will be almost wholly lacking. Dominion Iron was firmer. It opened at 40¾ and sold later at 41. Closing sale was 39¾.

Brazilian was steady, changing hands between 82½ and 82⅞.

Montreal Stocks.

Montreal, Nov. 10.—Local stocks opened steady on Saturday, but weakened before the close and a bear drive which carried prices down sharply in the final trading at New York. Iron, which was in good demand in the early trading and weakened with the rest of the market and sold at its lowest of the day, 39¾, in the final transactions. Upwards of 1,500 shares changed hands, and it ranked as the most active stock of the morning.

A two-point decline in C.P.R., which was depressed with other leaders of the New York market, was the principal change elsewhere. From 224 at the opening C.P.R. finished at 222. The balance of the market was quiet, and while prices eased off slightly net changes were small.

Montreal Produce.

Montreal, Nov. 10.—Demand for butter is fair and the undertone to the market strong. Receipts for the week were 4,776 packages, as compared with 7,033 for the same week last year. Cheese is fairly active, with prices towards a higher level. Receipts for the week were 32,826 boxes, as against 36,320 a year ago.

Eggs active and firm. Receipts for week were 3,719 cases, as compared with 1,885 a year ago.

Cheese: Finest westerns, 13 to 13¼; finest easterns, 12½ to 12¾.

Butter: Choicest creamery, 27½ to 28. Seconds, 27 to 27¼.

Eggs: Selected, 33 to 34; 1 stock, 29 to 30; No. 2 stock, 23 to 24.

Pork: Heavy Canada short mess, brls., 35 to 45; pres., 30; short cut back brls., 45 to 55; pres., 29.

Chicago Stocks.

Chicago, Nov. 10.—An advance of 1⅛ to 1¾ in the close at Buenos Ayres Saturday gave a firm finish to wheat prices, final figures being unchanged to a shade net higher. Big stocks lowered oats a shade to ⅛.

The advance at Buenos Ayres and its effect in rallying prices came after an early period of depression here due to a decline at Liverpool. The English market had shown some strength at first on bad weather, and crop news from India, but was weakened on profit taking sales. The downward trend of values here which had remained unchecked until the uplift came in the Argentine market was followed by a rally that lasted until the end of the session. Reports of unfavorable crops in India were amplified and some of the big traders who had been early sellers were good buyers. Commission house buying of oats failed to offset the effect of the large stocks on hand, and values weakened.

Chicago Live Stock Receipts.

Chicago, Nov. 10.—Cattle receipts 600; market slow. Beeves, 650 to 970; Texas steers, 650 to 765; stockers and feeders, 490 to 765; cows and heifers, 325 to 815; calves, 700 to 1125.

Hogs receipts 12,000; market steady. Light, 750 to 805; mixed, 760 to 810; heavy, 735 to 810; rough, 735 to 755; pigs, 500 to 765; bulk of sales, 775 to 808.

Sheep receipts 5,000, market lower. Native, 410 to 525; yearlings, 525 to 625; lambs, native, 585 to 765.

Winnipeg Grain.

Winnipeg, Nov. 10.—Trading on the local wheat market in options was light, and prices during the earlier hours were easy on expected increase in the world's shipments and more reassurnig advices regarding the crops in the Argentine. Later Buenos Ayres market closed to 1⅝ higher, causing shorts to cover the week-end, hardening prices fractionally.

Winnipeg wheat opened ¼c to ⅜c lower and closed unchanged to 1 lower.

Minneapolis opened ¼c to ⅜c lower and closed ⅛c lower for both months.

Liverpool closed ¼ to ½ lower; Paris unchanged to 1 higher; Berlin unchanged; Budapest ¼ lower and Antwerp unchanged. Buenos Ayres 1⅛ to 1¼ advance. The cash demand for all grades of wheat was good, except 1 Northern, which was slow. Exporters say there is an improved inquiry for cash wheat, oats and barley.

Cash wheat closed ⅛ to ¼ lower for contract grades. Cash flax closed unchanged on all grades.

Inspections Friday numbered 1,245 cars, as against 1,256 last year, and in sight Saturday 1,275 cars.

Deliveries through the clearing house today: Wheat, 238,500 bushels; oats, 43,000 bushels; flax, 3,500 bushels.

Grain inspection: Spring wheat, 1 Man. Hard, 3; 1 Man. Northern, 525; 2 Man. Northern, 207; 3 Man. Northern, 39; No. 4, 18; No. 5, 2; No. 6, 25; smutty, 25; no grade, 6; rejected, 32; N.E.G., 3.

Winter wheat: 2 A.R.W., 4; 3 A.R.W., 9; 1 white winter, 1; 3 white winter, 2.

Oats: 1 C.W., 3; 2 C.W., 117; 3 C.W., 44; extra 1 feed, 4; 1 feed, 2; 2 feed, 29; rejected, 5; no grade, 5; condemned, 1; mixed grain, 2.

Barley: 1 extra C.W., 7; 3 C.W., 38; 4 C.W., 16; rejected, 15.

Flax—1 N.W.C., 72; 2 C.W., 6; no grade, 1.

Rye: Screenings, 3.

Totals: Wheat, 878; oats, 209; barley, 76; flax, 79; rye, 3. Total, 1,245.

London Market.

London, Nov. 10.—Money was in fair supply Saturday, discount rates were firm in anticipation of foreign bidding for next Tuesday's gold arrivals.

The stock market was usettled by the Mexican situation and the approach of the settlement restricted business. Further offering weakened Mexicans and Kaffirs, but all the rest of the market was quietly steadier and featureless.

The trading was light in the American securities and price changes was limited. The close was dull and values below parity. Bullion amounting to £100,000 was withdrawn from the Bank of England Saturday for shipment to Egypt.

New York Exchange.

New York, Nov. 10.—The weakness of Saturday's two hours' session of the stock market was a fitting sequel to the heavy and dull conditions of the preceding days of the week, augmented, as it seemed to be, by renewed apprehension concerning the Mexican situation and uncertainty regarding the outcome of pending currency legislation. Moreover, the acrimony now prevailing in high financial circles regarding the measure has not served to allay concern in conservative quarters. The local market manifested some steadiness at the opening despite the irregularity of our securities abroad, but weakness in New Haven, which fell to low record, had its effect. A number of specialties in the industrial division were changed and later a number of railroad shares, which yielded to the lowest quotations in their history, as was naturally to be expected, the decline derived a large part of its impetus from short selling, the bears especially availing themselves of the opportunity to extend their commitments. There was little real support and final prices were at, or near, the lowest level of the day.

News bearing more or less directly on the securities market was meagre and conflicting. The mercantile agencies continued to report further trade recessions, and rumors of additional gold imports were in circulation.

Last week's nominal deficit in the actual reserves of the banks was reversed to an increase of 10,000,000 with a loan contraction of over $33,000,000 and a cash gain approximating $4,000,000.

The bond market was inclined to sag in sympathy with stocks. Total sales par values $12,850,000. U. S. governments were unchanged on call during the week.

Suffered Intense Agony With His Back.

Kidneys Were The Cause.

Weak back is caused by weak kidneys, and on the first approach or evidence of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided.

Doan's Kidney Pills go right to the seat of the trouble, cure the weak aching back, and prevent any further complications arising.

Mr. John Briggs, Whitewood, Sask., writes:—"I am sending you this testimonial out of pure gratitude, as I am not a believer in patent medicines, but I got so run down, that I became quite willing to give anything a trial. I paid a visit to our local druggist, and told him I was suffering intense agony with my back. He told me I had kidney trouble, and handed me a box of Doan's Kidney Pills, saying it was the best thing he could possibly give me. I tried them, and the effect was certainly marvelous. They are worth $10.00 a box of anybody's money, and I would not be without a box by me. I certainly owe my present condition to Doan's Kidney Pills."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

NO DUEL FOR HIM

Paris, Nov. 10 — Pierrte Loti, the French novelist, says he will disdain to receive the seconds of the Bulgarian Lieutenant Torcom, who is said to be coming to Paris to challenge Loti to a duel on account of the anti-Bulgarian articles he had written. He adds that if the Bulgarian seconds are not satisfied with his statement they can always resort to assassination. M. Loti begs an anonymous Frenchman styling himself "Chevalier Rouge" to withdraw his offer to take his place in the duel with Torcom.

CUT HIS THROAT.

Harrison, N.J., Nov. 10.—A gang of cutthroats terrorizing the residents of this vicinity attacked Leonard Gova last night as their third victim of the week. Gova refused to give $1800 upon demand by three men, who met him on the street, and was held by two of them, while the third slashed a razor across his neck. Gova was removed to a hospital and has a small chance of recovery.

AVIATOR MISSING.

Paris, Nov. 10.—Some anxiety is felt here for Pierre Daucourt, one of the aviators in the Paris to Cairo aeroplane race, Daucourt left Varna, a town in Bulgaria, on the Black Sea at 10 o'clock yesterday morning for Constantinople. Since then nothing has been heard from him.

INCORPORATE WOMEN.

Ottawa, Nov. 10.—Notice has been given that at the next session parliament a bill will be introduced to incorporate the National Council of Women of Canada "for the purpose of uniting in a dominion federation all societies and aims of women interested in philanthropies, religion, art, education, literature and social reform, for the betterment of the conditions pertaining to the nation.

A report prepared by the Vienna chamber of commerce, on the traffic of the municipal street railways in 1912, shows 165 miles of route, 153 of which were electrically equipped and 12 miles operated by steam. The electric lines carried 309,484,129 passangers, hte revenue being $9,863,076.

In 1912 Germany imported 126,800,000 bushels of feeders' barley and 45,000,000 bushels of maize, the average Leipzig prices for which were, respectively, $0,956 and $1,126 per bushel.

The Anglo-Egyptian Sudan, with an area of 984,520 square miles and a population of 3,000,000, extends in the north to the boundary of Egypt; in the east to the Red Sea, Italian Eritrea, and Abyssinia; in the south to Uganda and the Belgian Kongo; and in the west to the French African colonies.

Pay-as-you-enter cars, centre entrance, are to placed on Manila electric lines.

SIX KILLED, FIVE HURT.

Panama, Nov. 10.—Six persons were killed and five injured as the result of a collision last night between a passenger train and a repair train on a branch line of the Panama railway, eight miles from Panama.

A $3,000,000 telephone cable is to be laid between England and Holland.

McGILL WAS DEFEATED.

Toronto, Nov. 10.—McGill intermediate collegiate team was defeated by St. Michael's college yesterday afternoon at the University of Toronto stadium. Father Carr's sturdy little team beat the Montreals by 20 to 3, and thus carry a 17-point lead for the return game at Montreal next week, which will decide the championship.

GREENROOM GLIMMERS

TWO BIG FEATURES AT THE ORPHEUM

When John F. Conroy, the famous diver and life-saver, who appears as the headliner of the Orpheum vaudeville bill at the Empire theatre the first half of this week, arrived at the Empire theatre last night he discovered that the Empire stage was too small to accommodate his enormous diving tank by about six inches. Under the circumstances he will be obliged to present the posing act which he used on the Orpheum circuit last year with extraordinary success. It is an attractive turn in which Mr. Conroy is assisted by a pair of art models whose work is said to be somewhat out of the ordinary.

The rest of the Orpheum bill is well up to the standard. Gallagher and Carlin in "Before The Mast," a nautical travesty, are past masters of laugh-provoking. Mr. Gallagher has been identified for several seasons with "hairbe" sketches, humorous satires on the trials of the men who do and die. His latest depicts the tribulations of two salts, and is said to be excruciatingly funny. Bert Levy is a cartoonist-comedian with a well-developed sense of humor and a facile stick of chalk. Nonette is the same gypsy violinist who appeared here last season on the Orpheum time in a musical act that has few if any equals.

As the composer of numerous ditties, both humorous and sentimental, Evans Lloyd is known to American theatregoers as a very versatile entertainer. With him appears Miss Whitehouse, and the two present an excellent travesty on grand opera, which never fails to please. Muriel and Frances, juvenile comedienne, have some new material in the song and dance line which they know how to put over the footlights, and Bollinger and Reynolds have some new thrills on the slack and tight wire.

"WHAT HAPPENED TO MARY"

Few rural plays have been presented in the past 20 years. The "Old Homestead," "Shore Acres," "Way Down East" and one or two others have made their athors, and producers wealthy. The public demands clean wholesome plays and will always patronize them. While it is true New York has produced several sensational successes some of which became notorious, they were short lived. "What Happened to Mary," Owen Davis' latest play, produced last season at the Fulton theatre, New York City, by the Lee Morrison Producing company, met with instantaneous approval. "What happened to Mary" is a dramatization of a series of adventures that have been appearing in one of the popular magazines. It is an old-fashioned love story, in which pathos and humor are so delicately blended that the hearer sighs for the return of the play of this calibre. The demands for this attraction have been so great that it became necessary to send five companies on tour.

CENTRAL ALBERTA PRODUCTS ARE REAL REVELATIONS

Farmers in States Carried Away With Products of This Province.

The wonderful products o f the Edmonton district as seen in the exhibit of the Central Alberta Development league now touring a large number of cities and towns in the state of Kansas are simply revelations to those who have not before learned something of the crops that farmers in this district are in the habit of growing. In sections where the crops have been partial and in many cases total failures this year, the farmers of the states are being carried away with the products of the Alberta farmers.

Many of the papers are devoting a great deal of space to these exhibits as they tour the states in charge of J. L. Porte. Industrial Commissioner George M. Hall is in receipt today of a letter from Mr. Porte which gives a clear and concise idea of the benefits of this exhibit. The letter follows:

Wichita, Kansas.
November 2, 1913

Dear Sir.—Just arrived in this city after working the districts of Atchison, McPherson, and Newton, and I must say that I am well pleased with the prospects for a good immigration in the spring and fall. I have been very fortunate in getting good locations in each town, and the different agents to whom you wrote have been very kind in assisting me in every way. I keep open until nine o'clock at nights, and at Atchison I had a very good attendance day and night. At McPherson the attendance was small as the farmers were very busy curing their alfalfa, but I did meet a few who are coming up in the spring and will bring their outfits with them, and those parties will be the means of bringing other families if they are satisfied with the country, and it is not always where I meet the most people that we get the best results. The people who come in to see our exhibits are people who are interested and who are going to move somewhere this spring, and, after seeing our display have decided to come and see our country before they settle. There are other cities who are on rented farms who are well fixed, with good outfits and considerable money—some of those parties are tied up on those farms until next fall as they have a large crop of fall wheat in and could not dispose of it to any advantage just now. They also will come and see our country next fall.

At Newton, the last two days were well attended by parties who were all interested. There is one Mr. Fred from Newton, who is well-to-do, and Johnson, who will leave on Monday he is looking to get into a good district where he can have the advantages of school, churches, and a reasonable distance from market.

I have been putting out from 500 to 1000 bills at each place and having them addressed to the farmers; and I am also running an ad. in the papers, but I find the best advertisement I am getting is from the farmer who comes in during the fore part of the week and goes home and tells his neighbor about our exhibits, and they are surprised to see such a growth of grain and grasses, as many of them believe we only have three months summer and nine months winter. There are a great many of them who have a dread of our cold winters, and there is a great deal of my time taken up in explaining that we do have cold weather at times—but we don't feel it.

I find it would be impossible to make more than one town a week and do justice to the work I am travelling nights and Sundays in order to make time. I find it takes one day to get located and get exhibits in shape and part of a day to pack up and get away, so it only means Sunday and a half day in each town, which is little enough time to give the farmers time to get in and advertise it in their neighborhood; but I think your idea of advertising in this way is a good one and is also an economal way of advertising, and I trust our money will hang out so that we may be able to continue the good work for the winter.

Yours truly, J. L. Porte.

AT THE EMPRESS.

During the time when Julia Swayne Gordon was bringing her pet tiger across the Atlantic into New York, she met with several reverses. In many instances she was put through a third degree by customs officials as to whether the animals should be allowed on board an ocean liner. One of these instances occurred in Liverpool. A customs official approached the motion picture actress and said:

"It is against the rules to allow a tiger to cross the ocean on one of these steamers."

"But this is not a tiger," quickly replied Miss Swayne.

"What is it then?" asked the official.

"Why, that is an American wamadoodle" came the reply, "there are several of them in the United States. In fact, you can see them every day on Broadway."

So it happened that Miss Swayne finally convinced the official, with the aid of a pound note, that the animal was not a tiger and it was allowed on board.

The same tiger can be seen in motion pictures today and tomorrow at the Empress in the feature film, "The Tiger Lily." Miss Swayne also figures prominently in the picture.

There are other thrilling dramas on the program besides a comedy that is a scream.

The still picture slides will be shown today for the first time, and the ladies of Edmonton will be given an opportunity to see just what the latest fashion creations are going to be.

NEWS OF THE CITY.

Edmonton lodge of the royal Society of St. George meets this (Monday) evening, at eight o'clock, in the court room, 9907 (formerly 948) Jasper ave., east. Members and candidates for membership should attend early, as important matters have to be laid before the meeting.

Thomas Baker, the genial manager of the Orpheum circuit show at Calgary, spent Sunday in the city.

R. H. Lewis of the Lewis cafe, Jasper avenue, who has been confined through illness to his room for the past five weeks, is sufficiently recovered to be out again.

Poplar Bluff on Fire—On saturday afternoon, about two miles east of Strathcona a poplar bluff caught fire and burned until midnight; when the first was got under control. No further damage was done.

Mock Parliament—The Young People's Guild of the West end Presbyterian church, South side, will have a mock parliament on Wednesday evening. The subject to be brought before the house that night will be the Canadian Naval Policy Bill, whether Canada should have an independent navy of her own or contribute a certain sum of money annually to the imperial navy.

Suit on Mortgage—At the supreme court this morning J. McCarrol sued Mrs. Freeman on a mortgage for $2,400 given on a house and lot owned by Mrs. Freeman in Edson. It is alleged by McCarrol that he sold Mrs. Freeman a house and lot in Edson and that he got a chattel mortgage as security until the property was paid in full. Mrs. Freeman denies having ever given any mortgage to McCarrol at any time. The court is proceeding this afternoon.

Card Party—A card party will be given by the young ladies of St. Joachim's church in the hall on Tenth street on Tuesday evening, November 11.

Fire on Syndicate—A small fire was recorded on Saturday afternoon at about a quarter after five. It occurred at 728 Syndicate avenue and was caused by the explosion of a coal oil lamp. Little damage resulted as the fire was extinguished by the chemical fire extinguisher. Companies 1 and 3 responded to the call.

McNAMARA'S COMMITTEE ROOMS.

W. J. McNamara opened committee rooms to further his campaign for the mayoralty today on Howard avenue, where his friends and supporters will be accorded a cordial welcome. A meeting for organization purposes will be held this evening.

WELSH SOCIETY WHIST DRIVE.

The first whist drive of the season in connection with the above society will be held Thursday evening next, the 13th inst., in the Cameron hall, on Namayo avenue. Last year the Welsh whist drives were very successful, and if possible, it hoped to make them more so this year. The time for commencing playing will be eight o'clock prompt. Valuable prizes will be awarded the winners. A cordial invitation to be present to all lovers of the game irrespective of nationality, is extended by the Welsh society.

LORDS OF THE FOREST AT THE PANTAGES.

That it requires considerable nerve to even handle the Eight Jungle Lions, who headline the Pantages program for this week, was demonstrated yesterday when they arrived in the city from Chicago and the Twin City Transfer men were sent to take them to the theatre. Eight strong wooden cages, lined with steel and bars of iron, contained the beasts, and while the men lifted and shoved the cages around, every one of the animals snarled and snapped and beat helplessly against the heavy bars. The men at first were none too anxious to move the cages, but as the weather was rather chilly, the animals had to be got into the theatre. The same thing applied when the cages were taken from the wagon to the stage. Growls and roars emanated from every cage, and all night long the beasts prowled round and round in their cage and let out howls, making the theatre hideous with their noise. Of course, this was partly due to the fact that they had just come from a four-days' train trip and were not in the best of moods, nor yet conditions, but they are none too friendly at any time, and the opinion expressed by the crowd who gathered at the stage door was that Taylor could have his job as far as they were concerned.

A great deal of interest was taken in five tiny little cubs, who, under the watchful eye of the mother, gambled and played around the cage. They are just four weeks old, being born in Chicago while Taylor was playing there. They will be on exhibition each day in the large glass case in the lobby of the theatre. As an extra attraction during the week, on Tuesday, Thursday and Saturday afternoon, the lions will be fed raw meat in the cage in full view of the audience. It is not often that an opportunity is afforded people to see the King of the Forest devour his meals, and the process is a most interesting one. Large pieces of raw beef are thrown in the cage, and the animals really fight for them. Growls and snarls and showing of huge shiny teeth are but part of the performance, which is always an interesting one.

AT THE BIJOU.

At the Bijou today and tomorrow "The Stolen Woman" will be the chief attraction. This film will tell a story that was taken almost from real life. Only a few months ago a motion picture actress had occasion to elope with the man of her choice against the wishes of her parents. In fact it was on the very day she was to be wedded to a man much older than herself. Just before the clergyman was to enter the room to pronounce the fatal words, the girl left her room, went to the verandah and jumping into an automobile was hurried to New York city where she was married to the man she loved.

The story leaked out and the Reliance Film company heard of it. They got a cast of excellent actors and actresses together and had the whole thing done over again with the result they succeeded in producing a remarkably fine attraction.

It is a production full of dramatic incidents and thrilling scenes. The automobile ride from the country village to the big city is exciting from start to finish. There are 61 scenes in the picture and everyone is of an interesting character and full of startling incidents.

The other pictures to be shown today and tomorrow at the Bijou are also of excellent quality. The Keystone comedy is a scream from start to finish and the second drama is equally as good.
